

# Table of Contents

Universidad Nacional de Entre Ríos  
Facultad de Ingeniería

	Page
Summary of types .....	5
List of Symbols .....	7
Technical explanations .....	9
1 General .....	10
2 Mechanical design .....	10
3 Principle of operation .....	11
4 Isolation characteristics .....	11
4.1 Isolation resistance .....	12
4.2 Isolation capacitance (coupling capacitance) .....	12
4.3 Isolation voltage .....	12
5 Base wiring .....	12
6 Field effect, behavior in electrical fields .....	12
7 Basic circuits .....	13
7.1 TTL driving, inverting .....	13
7.2 TTL driving, non-inverting .....	14
7.3 AF transmission .....	14
7.4 Logic circuits .....	15
8 Measurement technique .....	16
8.1 Current transfer ratio .....	16
8.2 Linearity .....	16
8.3 Temperature behavior .....	17
8.4 Aging (degradation) .....	18
8.5 Switching times .....	18
8.6 Reduced phototransistor time constant in the optocoupler .....	19
9 Test symbols .....	20
9.1 VDE and international approvals .....	20
9.2 UL list .....	20
10 Important notes .....	20
