

CONTENTS

Preface

xi

CRANIUM

1. Craniopharyngioma	1
2. Metastases	2
3. Low-Grade Glioma versus Mesial Temporal Sclerosis	3
4. Glioblastoma Multiforme	4
5. Colloid Cyst	6
6. Metastases	7
7. Craniopharyngioma	8
8. Brainstem Glioma	9
9. False Negative MR/CT Positive for Brainstem Glioma	10
10. Glioblastoma Multiforme	12
11. Planum Sphenoidal Meningioma	13
12. Thalamic Glioma	14
13. Petrous Apex Meningioma	16
14. Subfrontal Meningioma	17
15. Cerebellar Pontine Angle Mass	18
16. Sphenoid Wing Meningioma	19
17. Calcification in Brainstem—Probable Glioma	20
18. Angiosarcoma of the Frontal Lobe	22
19. Temporoparietal Meningioma	24
20. Anterior Falx Meningioma	25
21. Cystic Glioma	26
22. Intracranial Lymphoma	27
23. Left Temporal Glioma	28
24. Medulloblastoma	29
25. Facial Neuroma	30
26. Glomus Jugulare Tumor	31
27. Petrous Apex Cholesteatoma	32
28. Small Acoustic Neuroma	33
29. Gliosarcoma	34
30. Carbon Monoxide Poisoning	36
31. Chronic Left Frontal Hematoma	37
32. Subacute Hemorrhage	38
33. Frontal Parietal Contusion	40
34. Chronic Right Cerebellar Hematoma	42

35.	Small Parietal AVM	43
36.	Thrombosis of the Superior Sagittal Sinus	44
37.	Venous Angioma	46
38.	Subdurals	48
39.	Acute Hemorrhage	50
40.	Chronic Subdural	51
41.	Middle Cerebral Artery Aneurysm	52
42.	Toxo-Plasmosis	53
43.	Cryptococcal Meningitis	54
44.	Sarcoidosis	55
45.	Subcortical Arterial Sclerotic Encephalopathy	56
46.	Infarction Secondary to Vasculitis	57
47.	Posterior Cerebral Artery Infarction	58
48.	Superior Cerebellar Artery Infarction	59
49.	Nonspecific Leukoencephalopathy	60
50.	Multiple Sclerosis (Grade III)	61
51.	Multiple Sclerosis (Grade IV)	62
52.	Multiple Sclerosis (Grade III)	63
53.	Multiple Sclerosis (Grade V)	64
54.	Multiple Sclerosis versus Infarction (Grade V)	66
55.	Hamartoma	67
56.	Hydrocephalus	68
57.	Shunted Hydrocephalus	70
58.	Dandy Walker Cyst	72
59.	Subarachnoid Temporal Cyst	73
60.	Aqueduct Stenosis with Hydrocephalus	74
61.	Subarachnoid Cyst in the Ambient Cistern	75
62.	Subarachnoid Cyst Adjacent to the Pineal Gland	76
63.	Active Hydrocephalus with Metastatic Disease of the Pineal Region	78
64.	Cerebellar Pontine Angle Meningioma	80
65.	Cystic Encephalomalacia	81
66.	Subdural Hygromata	82
67.	Megalocephaly	84
68.	Frontal Parietal Arachnoid Cyst	85

ORBITS/PITUITARY

69.	Adenocarcinoma of the Lacrimal Gland	86
70.	Graves' Disease	87
71.	Multicentric Lymphangioma	88
72.	Pituitary Adenoma	90
73.	Empty Sella	91
74.	Macroadenoma	92
75.	Macroadenoma	93
76.	Macroadenoma Pre- and Postchemotherapy	94
77.	Adenoma with Hemorrhage	96
78.	Lymphoma of the Parotid Gland with Extension into the Gasserian Ganglion	98
79.	Nasopharyngealcarcinoma	99
80.	Cordoma of the Clivus	100
81.	Thyroglossal Duct Cyst	101
82.	Rhabdomyosarcoma	102
83.	Scalp Lipoma	104

CERVICAL

84.	Cervical Neurofibroma	105
85.	Metastatic Involvement in the Cervical Region	106
86.	Old Traumatic Deformity to the Dens	107
87.	Cord Tumor	108
88.	C4-5 Fusion (Normal Postsurgical Appearance)	109
89.	C5-6 Disc Herniation	110
90.	C3-4 Disc Herniation	111
91.	Myelomalacia	112
92.	Multiple Sclerosis	113
93.	Foramen Magnum Meningioma	114
94.	Recurrent Dermoid	115
95.	Multiple Myeloma	116
96.	C5-6 Disc Herniation	118
97.	Anterior C5-6 Disc Herniation	119
98.	Two-Level Fusion (Pre- and Postop Study)	120
99.	Chiari I with Syrinx	121
100.	Chiari I	122
101.	Rheumatoid Arthritis with Subluxation	123
102.	Severe Cord Compression Secondary to Pseudomass of Rheumatoid Arthritis	124
103.	Foramen Magnum Colloid Cyst	125
104.	Old Compression Fractures	126
105.	Status Post-C5-6 Fusion	127
106.	C6-7 Fracture Subluxation	128
107.	Severe Myelomalacia	130
108.	Dislodged Fusion Mass	131
109.	Cystic Myelomalacia	132
110.	Compression Fracture with Canal Compromise	133
111.	Cystic Myelomalacia	134
112.	Metastatic Disease	136
113.	Intramedullary Tumor	137
114.	Metastatic Breast Cancer	138
115.	Metastatic Lung Disease	139
116.	Widespread Metastases	140
117.	Compression Fractures	141
118.	Metastatic Breast Cancer	142
119.	T9-10 Disc Herniation	143
120.	T8-9 Disc Herniation	144
121.	Posttraumatic Syrinx	145
122.	T11-12 Discitis	146
123.	Multiple Sclerosis	147
124.	Multiple Sclerosis	148
125.	Arteriovenous Malformation	149

LUMBAR

126.	Grade I Spondyloisthesis	150
127.	Neurofibroma	151
128.	Osteoma	152
129.	Hemangioma	154

130.	Neurofibroma	156
131.	Hemangioma	157
132.	Metastatic Breast Disease	158
133.	Medulloblastoma (Drop-Seed Metastases)	159
134.	Compression Fractures with Canal Stenosis	160
135.	Compression Fractures with Canal Stenosis	161
136.	L4-5, L5-S1 Disc Herniation	162
137.	L2-3 Disc Herniation	163
138.	Large L5-S1 Disc Herniation with Fragment	164
139.	Large L4-5 Disc Herniation	165
140.	Pars Intraarticularis Defects	166
141.	Normal Spine	167
142.	Metastases (Medulloblastoma)	168
143.	Metastases (Poorly Differentiated Adenocarcinoma)	169
144.	Progression of an L5-S1 Disc Herniation	170
145.	L4-5, L5-S1 Disc Herniation with Discogram Correlation	172
146.	Three-Level Disc Herniation	174
147.	Canal Stenosis Secondary to Disc Bulge and Ligamentous Hypertrophy	176
148.	L4-5 Herniation	177
149.	Large L5-S1 Disc Herniation	178
150.	Postsurgical Meningocele	179
151.	Metastatic Breast CA	180

ORTHOPEDIC

152.	Bilateral Avascular Necrosis	181
153.	Avulsion Injury	182
154.	Diffuse Atrophy	183
155.	Popliteal Cyst	184
156.	Fracture and Avascular Necrosis	185
157.	Neurofibroma of the Sciatic Nerve	186
158.	Desmoid of the Calf	187
159.	Ischial Fracture	188
160.	Ewing's Sarcoma	189
161.	Changes of Biopsy	190
162.	Hematoma	191
163.	Sinus Tract	192
164.	Radiation Osteonecrosis	194
165.	Lymphangioma	196
166.	Calcific Tendonitis	197
167.	Rhabdomyosarcoma	198
168.	Osteogenic Sarcoma	200
169.	Sarcoma of the Scapular Muscles	201
170.	Polio	202
171.	Bilateral Avascular Necrosis	203
172.	Avascular Necrosis	204
173.	Medial Meniscal Tear	205
174.	Anterior Cruciate Damage/Joint Effusion	206
175.	Cystic Tumor of the Calcaneus	207
176.	Septic Arthritis	208
177.	Lateral Meniscal Tear	210
178.	Multiple Tears of the Lateral Meniscus with Joint Effusion	211
179.	Collateral Ligament Damage	212
180.	Bilateral Avascular Necrosis	213

181.	Septic Joint Effusion	214
182.	Alveolar Soft Part Sarcoma	216
183.	Anterior and Posterior Cruciate Ligament Tears	217

CHEST

184.	Thymoma	218
185.	Right Upper Lobe Abscess	219
186.	Adenobronchial Lesion with Distal Atelectasis Metastases-Right Heptic Lobe	220
187.	Superior Vena Cava Clot	221
188.	Hilar Mediastinal Adenopathy	222
189.	Apical Neoplasm (Pancoast's Tumor)	224
190.	Ascites and Pleural Effusion	225
191.	Adenopathy (Sarcoidosis)	226
192.	Metastases (Changes of Tuberculosis)	227
193.	Apical Scarring	228
194.	Recurrent Adenocarcinoma	229
195.	Mediastinal Adenopathy (Small Cell CA)	230
196.	Adenobronchial Lesion with Distal Atelectasis	231
197.	Apical Mediastinal Mass	232
198.	Right Upper Lobe Malignancy	233

ABDOMEN

199.	Normal Inferior Vena Cava	234
200.	Extensive Clot with Inferior Vena Cava	235
201.	Fatty Normal Pancreas	236
202.	Hepatoma	237
203.	Cavernous Hemangioma	238
204.	Simple Renal Cyst	239
205.	Gallstones	240
206.	Metastatic Disease	241
207.	Benign Prostatic Hypertrophy	242
208.	Retroperitoneal Adenopathy	243
209.	Metastases (Melanoma)	244
210.	Hemangioma	246
211.	Metastases	248
212.	Reidel's Lobe	249
213.	Ascites, Renal Atrophy	250
214.	Abdominal Aneurysm	251
215.	Abdominal Aneurysm	252
216.	Abdominal Aneurysm with Clot	254
217.	Renal Cyst	255
218.	Normal Upper Abdomen	256
219.	Abdominal Aneurysm	257
220.	Coiled Pancreatic Tail Simulating Metastatic Adenopathy	258
221.	Adrenal Adenoma	259
222.	Hemochromatosis	260
223.	Ascites with Thrombus in the Inferior Vena Cava	261
224.	Abdominal Wall Metastases	262
225.	Enlarged Pancreatic Uncinate Process	263
226.	Metastases to the Liver	264

227.	Hydronephrosis	266
228.	Renal Neoplasm	267
229.	Renal Neoplasm with Venous Tumor Thrombus	268
230.	Left Renal Cyst	269
231.	Sacral Histiocytoma	270
232.	Fibroids	271
233.	Normal Uterus	272
234.	Prostate Calcification	273
235.	Bladder Carcinoma	274
236.	Normal Pelvis/Testes	275
237.	Enlarged Prostate (Status Post-Turp for Adenocarcinoma)	276
238.	Ovarian Cyst	277
239.	Bilateral Cyst (Ovarian)	278
240.	Status Post Hysterectomy	279
241.	Pelvis	280
242.	Retroperitoneal Fibrosis	282
243.	Prostatic Carcinoma	283
244.	Ovarian Mass	284
245.	Nabothian Cyst of the Cervical OS	285
246.	Ovarian Cyst (Question Hemorrhagic Content)	286
247.	Bladder Carcinoma	287
248.	Recurrent Cancer of the Fallopian Tubes	288
249.	Postgravid Uterus	290
250.	Recurrent Uterine Malignancy	291

Index	293
