FOREWORD xxi
PREFACE xxiii

PART ONE: BIOLOGICAL CONSIDERATIONS IN THE APPROACH TO CLINICAL MEDICINE

Chapter One: Clinical Immunology 3

Immunodeficiency Diseases 3
 Di George's Syndrome 3
 Agammaglobulinemia 3
 Swiss Type Agammaglobulinemia 5
 Acquired Immunodeficiency Syndrome 5
 Plasma Cell Neoplasms and Related Disorders 6
 Multiple Myeloma 6
 Localized Myeloma (Solitary Plasmacytoma) 7
 Extramedullary Myeloma 8
 Waldenström's Macroglobulinemia 8
 Heavy Chain Diseases 8
 Neutrophil Dysfunction Diseases 11
 Chronic Granulomatous Disease 11
 Amyloidosis 11
 Urticaria 14
 Angioneurotic Edema 14
 Allergic Rhinitis (Hay Fever) 14
 Vasculitis 14
 Periarteritis Nodosa (Polyarteritis Nodosa) 14
 Allergic Granulomatosis 16
 Wegener's Granulomatosis 17

Giant Cell Arteritis (Temporal Arteritis) 17
 Systemic Lupus Erythematosus 17

Chapter Two: Nutritional Disorders 21

Kwashiorkor 21
 Obesity 21
 Thiamine Deficiency (Beriberi) 22
 Vitamin C Deficiency (Scurvy) 23
 Hypervitaminosis A 23

Chapter Three: Metabolic Disorders 25

Inherited Disorders of Amino Acid Metabolism 25
 Phenylketonuria 25
 Homocystinuria 25
 Storage Diseases of Amino Acid Metabolism 26
 Cystinosis 26
 Hyperoxaluria 26
 Alkaptonuria and Ochronosis 27
 Disorders of Amino Acid Transport 28
 Cystinuria 28

Disorders of Purine Metabolism	28
Gout	28
Lesch–Nyhan Syndrome	30
Xanthinuria	30
Hemochromatosis	30
Wilson’s Disease	32
Porphyria	32
Glycogen Storage Diseases	33
Von Gierke’s Disease	33
Pompe’s Disease	33
Lipid Storage Diseases	33
Gaucher’s Disease	33
Niemann–Pick Disease	36
Mucopolysaccharidosis	36
Hurler’s Syndrome (Gargoylism)	36
Morquio’s Syndrome	38
Disorders of Connective Tissues	39
Ehlers–Danlos Syndrome	39
Marfan’s Syndrome	40
Osteogenesis Imperfecta	41
Pseudoxanthoma Elasticum	41

Chapter Four: Endocrine Diseases 44

Diseases of the Pituitary	44
Hypopituitarism	44
Hyperpituitarism	44
Pituitary Adenoma	46
Empty Sella Syndrome	47
Diabetes Insipidus	48
Diseases of the Thyroid	48
Radioactive Iodine Scanning	48
Hypothyroidism	49
Hyperthyroidism	51
Goiter	52
Thyroid Adenoma	54
Thyroid Carcinoma	54
Thyroiditis	56
Diseases of the Adrenal Cortex	57
Cushing’s Syndrome	57
Adrenal Carcinoma	60
Metastases to the Adrenals	60
Aldosteronism	61
Adrenogenital Syndrome	63
Adrenocortical Insufficiency	63
Neonatal Adrenal Hemorrhage	64
Diseases of the Adrenal Medulla and Sympathetic Nervous System	65

Pheochromocytoma	65
Neuroblastoma	66
Carotid Body Tumors	68
Diabetes Mellitus	70
Hormone-Secreting Tumors of the Pancreas	72
Insulinoma	72
Other Hormone-Secreting Tumors of the Pancreas	72
Disorders of the Testis	73
Testicular Tumors	73
Testicular Torsion and Epididymitis	73
Undescended Testis (Cryptorchism)	75
Disorders of the Female Reproductive Tract	76
Female Infertility	76
Trophoblastic Disease	76
Ovarian Cysts and Tumors	76
Dermoid Cyst (Teratoma) of the Ovary	76
Cystadenoma and Cystadenocarcinoma of the Ovary	76
Meigs’s Syndrome	79
Tumors of the Uterus	80
Leiomyoma (Fibroid) of the Uterus	80
Carcinoma of the Endometrium	81
Carcinoma of the Cervix	82
Endometriosis	82
Disorders of Sexual Differentiation	84
Gonadal Dysgenesis (Turner’s Syndrome)	84
Klinefelter’s Syndrome	85
Diseases of the Pineal Gland	85
Pineal Calcification	85
Pineal Tumors	86
Multiple Endocrine Neoplasia Syndromes	87

Chapter Five: Neoplasia 91

Breast Cancer	91
Other Breast Imaging Procedures	94
Indications for Breast Imaging Procedures	94
Carcinoma of the Prostate	95
Acute Leukemia	96
Chronic Leukemia	99
Lymphoma	101
Burkitt’s Lymphoma	105
Carcinoid Tumor	107
Cutaneous Manifestations of Internal Malignancy	108
Kaposi’s Sarcoma	108
Acanthosis Nigricans	109
Malignant Melanoma	110

PART TWO: INFECTIOUS DISEASES

Chapter Six: General Overview 115

Localized Infections and Abscesses	115
Abdominal Abscesses	115
Percutaneous Drainage of Abdominal Abscesses	117
Subphrenic Abscesses	117
Lesser Sac Abscesses	119
Renal Abscesses	119
Invasive Enteric Pathogens	120
<i>Campylobacter jejuni</i>	120

Shigellosis 121
 Salmonellosis 121
Yersinia enterocolitica 121
 Pelvic Inflammatory Disease 122

Chapter Seven: Gram-Positive Cocci 125

Pneumococcal Infections 125
 Staphylococcal Infections 125
 Streptococcal Infections 129

Chapter Eight: Gram-Negative Cocci 131

Meningococcal Infections 131
 Gonococcal Infections 131

Chapter Nine: Enteric Gram-Negative Bacilli 133

Infections due to Enterobacteriaceae 133
Escherichia coli 133
Klebsiella 134
Serratia and *Enterobacter* 135
Proteus 135
Pseudomonas Infections 136
 Melioidosis 137
Salmonella Infections 138
 Typhoid Fever 138
 Other *Salmonella* Infections 138
Shigella Infections 140
Hemophilus Infections 140
Hemophilus influenzae 140
Hemophilus pertussis (Whooping Cough) 141
 Brucellosis 142
 Tularemia 142
Yersinia Infections 143
 Plague 143
Yersinia enterocolitica 145

Chapter Ten: Other Aerobic Bacteria 146

Legionnaires' Disease 146
 Pittsburgh Pneumonia Agent 146
 Listeriosis 147
 Anthrax 147
 Donovanosis (Granuloma Inguinale) 148

Chapter Eleven: Anaerobic Bacteria 150

Tetanus 150
 Other Clostridial Infections 150
 Gas Gangrene 150
 Antibiotic-Associated Colitis 150
 Food Poisoning 152
 Miscellaneous Clostridial Infections 152

Chapter Twelve: Mycobacterial Diseases 155

Tuberculosis 155
 Primary Tuberculosis 155
 Secondary (Reactivation) Tuberculosis 157

Tuberculoma 158
 Gastrointestinal Tuberculosis 159
 Lymph Nodes 160
 Genitourinary Tuberculosis 161
 Skeletal System 163
 Tuberculous Pericarditis 166
 Tuberculous Peritonitis 166
 Liver and Spleen 167
 Leprosy 167
 Other Mycobacterial Infections 167

Chapter Thirteen: Spirochetal Diseases 169

Syphilis 169
 Congenital Syphilis 170
 Yaws 172
 Leptospirosis 174
 Tropical Ulcer 174

Chapter Fourteen: Higher Bacteria and Fungi 177

Actinomycosis 177
 Nocardiosis 179
 Cryptococcosis (Torulosis) 179
 Blastomycosis 181
 Histoplasmosis 182
 Coccidioidomycosis 185
 Candidiasis 187
 Aspergillosis 188
 Mucormycosis 190
 Sporotrichosis 191
 Paracoccidioidomycosis
 (South American Blastomycosis) 192
 Mycetoma 192

Chapter Fifteen: Rickettsial Infections 194

Chapter Sixteen: Mycoplasma and Chlamydia 196

Mycoplasma pneumoniae Infection 196
 Lymphogranuloma Venereum 196
 Psittacosis 197

Chapter Seventeen: Viral Diseases 199

Viral Pneumonia 199
 Influenza 200
 Measles (Rubeola) 200
 Rubella (German Measles) 200
 Smallpox (Variola) 201
 Chickenpox (Varicella) 201
 Herpes Zoster 203
 Coxsackievirus and Echovirus 204
 Poliomyelitis 204
 Herpes Simplex Virus 205
 Cytomegalovirus Infection
 (Cytomegalic Inclusion Disease) 206
 Infectious Mononucleosis 207

BIBLIOTECA

Chapter Eighteen: Protozoans and Helminths 210

- Amebiasis 210
- Malaria 213
- Kala Azar 213
- Chagas' Disease 213
- Toxoplasmosis 214
- Pneumocystis carinii* Pneumonia 215
- Giardiasis 216
- Trichinosis 217
- Filariasis 217
 - Tropical Pulmonary Eosinophilia 218
 - Loiasis 218
 - Dirofilariasis 218
- Schistosomiasis (Bilharziasis) 220
- Dracunculiasis (Guinea Worm) 222

- Intestinal Nematodes 222
 - Trichuriasis (Whipworm) 222
 - Ascariasis 223
 - Anisakiasis 224
 - Hookworm Disease 224
 - Cutaneous Larva Migrans (Creeping Eruption) 226
 - Strongyloidiasis 226
- Other Trematodes or Flukes 227
 - Paragonimiasis 227
 - Clonorchiasis 228
 - Fascioliasis 228
- Cestode (Tapeworm) Infections 229
 - Taeniasis 229
 - Cysticercosis 229
 - Echinococcosis 231

PART THREE: DISORDERS OF THE HEART

Chapter Nineteen: Diagnostic Modalities 239

- Chest Radiography 239
 - Cardiac Silhouette 239
 - Pulmonary Vasculature 241
 - Great Vessels 241
- Echocardiography 242
- Radionuclide Imaging of the Heart 242
- Cardiac Catheterization and Coronary Angiography 242

Chapter Twenty: Functional Abnormalities of the Heart 244

- Congestive Heart Failure 244
- Pulmonary Edema 244
- Cardiac Arrhythmias 245

Chapter Twenty-One: Congenital Heart Disease 248
COMMUNICATIONS BETWEEN THE SYSTEMIC AND PULMONARY CIRCULATIONS WITHOUT CYANOSIS (LEFT-TO-RIGHT SHUNTS) 248

- Atrial Septal Defect 248
- Endocardial Cushion Defect 251
- Ventricular Septal Defect 251
- Patent Ductus Arteriosus 253
- Aortopulmonary Septal Defect (Aortopulmonary Window) 255
- Aortic Sinus Aneurysm and Fistula 255
- Coronary Arteriovenous Fistula 255
- Anomalous Pulmonary Origin of the Coronary Artery 257
- Persistent Truncus Arteriosus 257
 - Pseudotruncus 260

- OBSTRUCTING VALVULAR AND VASCULAR LESIONS WITH OR WITHOUT ASSOCIATED RIGHT-TO-LEFT SHUNTS 261**
- Pulmonary Stenosis with Intact Ventricular Septum 261
- Tetralogy of Fallot 261

- Trilogy of Fallot 264
- Ebstein's Anomaly 265
- Tricuspid Atresia 265
- Coarctation of the Aorta 265
 - Pseudocoarctation of the Aorta 269
- Congenital Aortic Stenosis 270
- Hypoplastic Left-Sided Heart Syndrome 270
- Malformations Obstructing Pulmonary Venous Flow 273
 - Mitral Stenosis 273
 - Cor Triatriatum 273
 - Congenital Pulmonary Vein Stenosis 273

ABNORMALITIES IN THE ORIGINS OF THE GREAT ARTERIES AND VEINS: THE TRANSPOSITIONS 273

- Transposition of the Great Arteries 273
 - Complete Transposition of the Great Arteries 276
 - Taussig-Bing Anomaly 276
 - Double-Outlet Right Ventricle 277
 - Corrected Transposition 277
- Anomalies of Venous Return 278
 - Total Anomalous Pulmonary Venous Return 278
 - Partial Anomalous Pulmonary Venous Return 280

MALPOSITIONS OF THE HEART; ANOMALIES OF THE AORTA AND ITS BRANCHES; MISCELLANEOUS CONDITIONS 280

- Malpositions of the Heart 280
- Anomalies of the Aortic Arch and Its Branches 282
 - Right Aortic Arch 282
 - Cervical Aortic Arch 283
 - Double Aortic Arch 283
 - Aberrant Right Subclavian Artery 284
- Straight Back Syndrome 284
- Aberrant Left Pulmonary Artery (Pulmonary Sling) 286

Chapter Twenty-Two: Acquired Valvular Heart Disease 290

- Rheumatic Fever 290
- Mitral Stenosis 291

Mitral Regurgitation (Insufficiency)	294
Aortic Stenosis	296
Aortic Regurgitation (Insufficiency)	297
Tricuspid Valve Disease	298
Pulmonary Valve Disease	299
Infective Endocarditis	299

Chapter Twenty-Three: Other Diseases of the Heart 301

Ischemic Heart Disease	301
Aortocoronary Bypass Graft	303
Acute Myocardial Infarction	305
Ventricular Aneurysm	307

Postmyocardial Infarction Syndrome (Dressler's Syndrome)	307
Cardiomyopathy	308
Tumors of the Heart	309
Endocardial Fibroelastosis	310
Endomyocardial Fibrosis	311

Chapter Twenty-Four: Pericardial Disease 314

Pericardial Effusion	314
Cardiac Tamponade	315
Chronic Constrictive Pericarditis	316
Pericardial Cyst	318
Congenital Absence of the Pericardium	319

PART FOUR: DISORDERS OF THE VASCULAR SYSTEM

Chapter Twenty-Five: Hypertensive Vascular Disease 325

Renovascular Hypertension	325
Other Radiographic Manifestations of Hypertension	327

Chapter Twenty-Six: Diseases of the Aorta 330

Aneurysms of the Aorta	330
Aneurysms of the Abdominal Aorta	330
Aneurysms of the Descending Aorta	330
Aneurysms of the Ascending Aorta	332
Traumatic Aneurysm of the Aorta	333
Dissection of the Aorta	336
Arteriosclerotic Occlusive Disease of the Aorta	338
Syphilitic Aortitis	340
Takayasu's Disease	340

Chapter Twenty-Seven: Vascular Diseases of the Extremities 342

Acute Arterial Occlusion	342
Arteriosclerosis of the Extremities	344
Terminal Aortic Occlusion (Leriche Syndrome)	346
Fibromuscular Dysplasia	347
Thromboangiitis Obliterans (Buerger's Disease)	347
Arteriovenous Fistulas	348
Thoracic Outlet Syndrome	348
Raynaud's Phenomenon	351
Ergotism	351
Varicose Veins	352
Acute Venous Thrombosis	352
Vena Cava Obstruction	354
Lymphedema	356

PART FIVE: DISORDERS OF THE RESPIRATORY SYSTEM

Chapter Twenty-Eight: Lung Disease Caused by Immunologic and Environmental Injury 361

Asthma	361
Drug-Induced Hypersensitivity Lung Disease	361
Pneumoconiosis	365
Asbestosis	365
Silicosis	367
Talcosis	369
Coal Worker's Pneumoconiosis	369
Caplan's Syndrome	370
Berylliosis	370
Pneumoconiosis Due to Other Inorganic Dusts	371
Pneumoconiosis Due to Organic Dusts	371
Inhalation of Toxic Gases	373
Lipoid Pneumonia	376

Chapter Twenty-Nine: Pulmonary Infections 378

Pneumonia	378
Aspiration Pneumonia	379
Idiopathic Eosinophilic Pneumonia (Loeffler's Syndrome)	380
Lung Abscess	381
Bronchiectasis	381
Broncholithiasis	385
Cystic Fibrosis (Mucoviscidosis)	386

Chapter Thirty: Diffuse Lung Disease 389

Chronic Obstructive Lung Disease	389
Chronic Bronchitis	389
Pulmonary Emphysema	391
Congenital (Infantile) Lobar Emphysema	393

- Unilateral Hyperlucent Lung
(Swyer–James or Macleod’s Syndrome) 394
- Diffuse Infiltrative Diseases 394
 - Histiocytosis X 396
 - Idiopathic Pulmonary Hemosiderosis and
Goodpasture’s Syndrome 396
 - Pulmonary Alveolar Proteinosis 398
 - Pulmonary Alveolar Microlithiasis 398
 - Diffuse Interstitial Pulmonary Fibrosis 398
 - Desquamative Interstitial Pneumonia 400

Chapter Thirty-One: Vascular Disease of the Lung 402

- Pulmonary Hypertension 402
- Cor Pulmonale 404
- Pulmonary Thromboembolism 405
- Nonthrombotic Embolism 409
 - Fat Embolism 409
 - Amniotic Fluid Embolism 411
 - Septic Embolism 411
- Pulmonary Arteriovenous Fistula 413

Chapter Thirty-Two: Diseases of the Upper Respiratory Tract and Airways 415

- Diseases of the Upper Respiratory Tract 415
 - Epiglottitis 415
 - Croup (Acute Laryngotracheobronchitis) 415
 - Retropharyngeal Abscess 417
- Diseases of the Sinuses 417
 - Sinusitis 417
 - Tumors 417
- Disorders of the Trachea 417
 - Tracheal Stenosis 417
 - Tracheobronchomegaly 417
 - Relapsing Polychondritis 420
 - Saber Sheath Trachea 420
 - Tracheal Tumors 420

Chapter Thirty-Three: Tumors of the Lung 424

- Bronchogenic Carcinoma 424
- Bronchiolar (Alveolar Cell) Carcinoma 427
- Metastases to the Lung 429
- Benign Tumors of the Lung 431
 - Bronchial Adenoma 431

- Hamartoma 432
- Bronchial Papilloma 432

Chapter Thirty-Four: Miscellaneous Diseases of the Respiratory System 435

- Adult Respiratory Distress Syndrome 435
- Atelectasis 436
- Mucoid Impaction 440
- Intrabronchial Foreign Bodies 440
- Bronchopulmonary Sequestration 441
- Lymphangiomyomatosis 442
- Trauma to the Lungs 443
- Pulmonary Agenesis and Hypoplasia 444
- Middle Lobe Syndrome 445

Chapter Thirty-Five: Diseases of the Pleura, Mediastinum, and Diaphragm 448

- Diseases of the Pleura 448
 - Pleural Effusion 448
 - Empyema 451
 - Pleural Thickening 452
 - Pleural Calcification 453
 - Pneumothorax 454
 - Pleural Tumors 455
- Diseases of the Mediastinum 456
 - Mediastinal Masses 456
 - Teratodermoid Tumor 458
 - Thymoma 459
 - Substernal Thyroid 460
 - Enlargement of Mediastinal Lymph Nodes 462
 - Vascular Causes of Mediastinal Masses 463
 - Lipoma and Lipomatosis 464
 - Neurogenic Tumors 466
 - Bronchogenic Cyst 467
 - Gastroenteric Cyst (Duplication) 467
 - Neurenteric Cyst 468
 - Superior Vena Caval Syndrome 470
 - Pneumomediastinum (Mediastinal Emphysema) 470
 - Acute Mediastinitis 471
 - Chronic Mediastinitis 472
- Diseases of the Diaphragm 474
 - Diaphragmatic Paralysis 474
 - Eventration of the Diaphragm 474
 - Other Causes of Elevation of the Diaphragm 474

————— PART SIX: DISEASES OF THE KIDNEYS AND URINARY TRACT —————

Chapter Thirty-Six: Renal Failure 481

- Acute Renal Failure 481
- Bilateral Acute Renal Cortical Necrosis 483
- Chronic Renal Failure 483
- Effects of Chronic Renal Failure on
Other Body Systems 484

- Renal Osteodystrophy 484
- Chest 485
- Gastrointestinal Tract 486
- Dialysis and Transplantation 487
- Radiographic Sequelae of Hemodialysis 487
- Renal Transplantation 488

Chapter Thirty-Seven: Glomerular and Tubular Diseases 493

- Glomerular Diseases 493
 - Glomerulonephritis 493
 - Nephrotic Syndrome 494
 - Alport's Syndrome 495
- Tubulointerstitial Diseases of the Kidney 495
 - Hypercalcemic Nephropathy 495
 - Vesicoureteral Reflux 495
 - Radiation Nephritis 496
- Hereditary Tubular Disorders 496
 - Adult Polycystic Disease 496
 - Polycystic Renal Disease in Infants and Children 498
 - Medullary Sponge Kidney 499
 - Medullary Cystic Disease 499
 - Congenital Multicystic Kidney Disease 500

Chapter Thirty-Eight: Urinary Tract Infection, Pyelonephritis, and Related Conditions 503

- Pyelonephritis 503
 - Acute Pyelonephritis 503
 - Chronic Pyelonephritis 504
 - Emphysematous Pyelonephritis 505
 - Xanthogranulomatous Pyelonephritis 506
- Papillary Necrosis 506

Chapter Thirty-Nine: Vascular Injury to the Kidney 510

- Acute Renal Artery Occlusion 510
- Renal Artery Stenosis 511
- Arteriolar Nephrosclerosis 511
- Renal Vein Thrombosis 513
- Polyarteritis Nodosa 515

Chapter Forty: Nephrolithiasis and Urinary Tract Obstruction 517

- Nephrolithiasis 517
- Nephrocalcinosis 519
- Other Calculi in the Genitourinary Tract 521
 - Ureteral Calculi 521
 - Bladder Calculi 521
 - Urethral Calculi 522
 - Urachal Calculus 522

- Urinary Tract Obstruction (Obstructive Nephropathy) 522

Chapter Forty-One: Tumors of the Urinary Tract 527

- Benign Renal Tumors 527
 - Adenoma 527
 - Hamartoma (Angiomyolipoma) 527
 - Reninoma 529
- Renal Cyst 529
- Renal Pseudotumor 532
- Malignant Renal Tumors 532
 - Renal Cell Carcinoma (Hypernephroma) 532
 - Nephroblastoma (Wilms's Tumor) 536
- Tumors of the Urinary Collecting System 537
 - Bladder 537
 - Renal Pelvis 538
 - Ureter 538

Chapter Forty-Two: Renal Anomalies and Miscellaneous Renal Disorders 543

- Anomalies of the Kidney and Urinary Tract 543
 - Anomalies of the Kidney 543
 - Anomalies of Number 543
 - Anomalies of Size and Form 543
 - Anomalies of Rotation 544
 - Fusion Anomalies 544
 - Anomalies of Position 546
 - Anomalies of the Renal Pelvis and Ureter 546
 - Duplication 546
 - Retrocaval Ureter 548
 - Ureterocele 548
 - Anomalies of the Bladder and Urethra 549
 - Exstrophy of the Bladder 549
 - Bladder Ears 549
 - Prune-Belly Syndrome 550
 - Patent Urachus and Urachal Cyst 550
 - Posterior Urethral Valves 550
- Renal Sinus Lipomatosis 552
- Pyeloureteritis Cystica 552
- Malakoplakia 553
- Cystitis 553
- Neurogenic Bladder 554
- Retroperitoneal Fibrosis 554
- Pelvic Lipomatosis 555

PART SEVEN: DISORDERS OF THE ALIMENTARY TRACT

Chapter Forty-Three: Diseases of the Esophagus 561

- Motility Disorders 561
 - Abnormalities in Swallowing 561
 - Cricopharyngeal Dysfunction 561

- Achalasia 563
- Scleroderma (Progressive Systemic Sclerosis) 564
- Diffuse Esophageal Spasm 564
- Inflammatory Disorders 565
- Reflux Esophagitis 565

- Barrett's Esophagus 568
- Acute Esophagitis 569
- Tumors 571
 - Benign Intramural Tumors of the Esophagus 571
 - Carcinoma of the Esophagus 571
- Other Esophageal Disorders 574
 - Esophageal Diverticula 574
 - Esophageal Web 575
 - Lower Esophageal (Schatzki) Ring 576
 - Hiatal Hernia 576
 - Paraesophageal Hernia 579
 - Other Diaphragmatic Hernias 579
 - Perforation of the Esophagus 579
 - Foreign Bodies 581
 - Extrinsic Disease Involving the Esophagus 582

Chapter Forty-Four: Peptic Ulcer Disease 586

- Duodenal Ulcer 586
- Postbulbar Ulcer 587
- Gastric Ulcer 589
- Superficial Gastric Erosions 591
- Complications of Peptic Ulcer Disease 592
 - Hemorrhage 592
 - Perforation 592
 - Gastric Outlet Obstruction 593
- Complications and Syndromes after Peptic Ulcer Surgery 594
 - Recurrent Ulceration 594
 - Afferent Loop Syndrome 595
 - Bile Reflux Gastritis 595
 - Gastrojejunal Colic Fistula 596
 - Carcinoma after Partial Gastrectomy 596
- Zollinger–Ellison Syndrome (Gastrinoma) 596
- Stress and Drug-Associated Ulcers 598
- Brunner's Gland Hyperplasia 599

Chapter Forty-Five: Diseases of the Stomach 602

- Cancer of the Stomach 602
 - Carcinoma 602
 - Lymphoma 604
 - Leiomyosarcoma 606
- Benign Tumors of the Stomach 607
 - Epithelial Polyps 607
 - Leiomyoma and Rare Benign Tumors 610
- Pseudotumors 610
 - Heterotopic (Aberrant) Pancreas 610
 - Fundoplication Deformity (Nissen Repair) 611
 - Gastric Varices 611
 - Prolapsed Antral Mucosa 611
- Gastritis 612
 - Acute Erosive Gastritis 612
 - Chronic Atrophic Gastritis 612
 - Antral Gastritis 613
 - Gastric Hyperplasia (Hypertrophic Gastritis) 613
 - Bile Reflux Gastritis 614
 - Corrosive Gastritis 614

- Phlegmonous Gastritis 614
- Ménétrier's Disease 615
- Other Diseases of the Stomach 615
 - Acute Gastric Dilatation 615
 - Adult Hypertrophic Pyloric Stenosis 616
 - Mallory–Weiss Syndrome 617
 - Bezoars and Foreign Bodies in the Stomach 617
 - Gastric Diverticula 618
 - Gastric Volvulus or Torsion 618
 - Pseudolymphoma 619
 - Eosinophilic Gastritis and Eosinophilic Granuloma 620
 - Granulomatous Infections of the Stomach 621

Chapter Forty-Six: Disorders of Absorption 623

- Intestinal Malabsorption 623
 - Sprue 623
 - Scleroderma of the Small Bowel 625
 - Whipple's Disease 626
 - Intestinal Lymphoma 627
 - Eosinophilic Enteritis 629
 - Lactase Deficiency 629
 - Hypogammaglobulinemia 630
 - Intestinal Lymphangiectasia 630
 - Abetalipoproteinemia 631

Chapter Forty-Seven: Inflammatory Bowel Disease 633

- Crohn's Disease (Regional Enteritis) 633
- Inflammatory Diseases of the Colon 636
 - Ulcerative Colitis 636
 - Complications of Ulcerative Colitis 639
 - Toxic Megacolon 639
 - Fistula Formation 640
 - Pseudopolyps 640
 - Colonic Strictures 640
 - Carcinoma of the Colon 640
 - Crohn's Colitis 641
 - Infectious Colitis 643
 - Pseudomembranous Colitis 644

Chapter Forty-Eight: Diseases of the Small and Large Intestine 646

- DISORDERS OF INTESTINAL MOTILITY 646
- Diverticulosis of the Small Bowel 646
 - Duodenal Diverticula 646
 - Intraluminal Duodenal Diverticulum 647
 - Multiple Jejunal Diverticula 647
 - Meckel's Diverticulum 647
- Diverticular Disease of the Colon 648
 - Diverticulosis 648
 - Diverticulitis 649
- Megacolon 651
 - Aganglionic Megacolon (Hirschsprung's Disease) 651
 - Chronic Idiopathic Megacolon (Psychogenic Megacolon) 652

Acquired Megacolon 653
 Toxic Megacolon 653
 Intestinal Pseudo-Obstruction 653
 Functional Disturbances of the Colon 653
 Irritable Bowel Syndrome 653
 Chronic Constipation and Fecal Impaction 654
 Cathartic Colon 655
 VASCULAR DISORDERS OF THE INTESTINE 655
 Gastrointestinal Hemorrhage 655
 Acute Upper Gastrointestinal Hemorrhage 655
 Acute Lower Gastrointestinal Hemorrhage 657
 Chronic Gastrointestinal Bleeding 658
 Mesenteric Ischemia and Infarction 659
 Gas in the Portal Vein 659
 Ischemic Colitis 660
 Intramural Hematoma of the Duodenum 662
 Primary Nonspecific Ulceration 662
 Small Intestine 662
 Colon 663
 TUMORS OF THE SMALL INTESTINE 663
 Benign Tumors 663
 Leiomyomas 662
 Adenomas 664
 Lipomas 664
 Angiomas 664
 Malignant Tumors 665
 Adenocarcinomas 665
 Leiomyosarcomas 666
 Lymphomas 666
 Carcinoid Tumors 666
 TUMORS OF THE COLON 667
 Colonic Polyps 667
 Lipomas 668
 Villous Adenomas 668
 Intestinal Polyposis Syndromes 669
 Familial Polyposis 670
 Gardner's Syndrome 670
 Peutz-Jeghers Syndrome 671

Juvenile Polyposis 672
 Cronkhite-Canada Syndrome 672
 Turcot Syndrome 672
 Cancer of the Colon 673
 Metastases to the Colon 676
 Lymphoma of the Colon 679
 MISCELLANEOUS CONDITIONS 679
 Hemorrhoids 679
 Endometriosis of the Bowel 679
 Colitis Cystica Profunda 680
 Lipomatosis of the Ileocecal Valve 680

Chapter Forty-Nine: Intestinal Obstruction 683

Small Bowel Obstruction 683
 Large Bowel Obstruction 686
 Intussusception 687
 Volvulus of the Colon 690
 Cecal Volvulus 690
 Sigmoid Volvulus 690
 Adynamic Ileus 691
 Variants of Adynamic Ileus 692
 Localized Ileus 692
 Colonic Ileus 693
 Chronic Idiopathic Intestinal Pseudo-Obstruction 693
 Duodenal Dilatation
 (Superior Mesenteric Artery Syndrome) 693

Chapter Fifty: Diseases of the Appendix, Peritoneum, and Mesentery 696

Appendicitis 696
 Peritonitis 698
 Pseudomyxoma Peritonei 698
 Malignant Disease of the Peritoneum 699
 Pneumatosis Intestinalis 702
 Primary Pneumatosis Intestinalis 703
 Secondary Pneumatosis Intestinalis 703
 Retractable Mesenteritis 705
 Mesenteric Cysts 706

— PART EIGHT: DISORDERS OF THE HEPATOBILIARY SYSTEM AND PANCREAS —

Chapter Fifty-One: Cirrhosis of the Liver: Major Sequelae 709

Fatty Infiltration of the Liver 709
 Hepatic Vein Occlusion (Budd–Chiari Syndrome) 709
 Portal Vein Occlusion 710
 Hypoproteinemia 711
 Ascites 712
 Congestive Splenomegaly 713
 Esophageal Varices 714

Chapter Fifty-Two: Tumors of the Liver 716

Hepatocellular Carcinoma 716
 Benign Tumors of the Liver 717

Hemangioma 717
 Focal Nodular Hyperplasia 718
 Adenoma 719
 Hemangioendothelioma 722
 Hepatic Metastases 723

Chapter Fifty-Three: Diseases of the Gallbladder 726

Radiographic Approach to the Jaundiced Patient 726
 Congenital Anomalies of the Gallbladder 727
 Gallstones 727
 Acute Cholecystitis 729
 Complications of Cholecystitis 730

Hydrops and Empyema	730
Fistula Formation	730
Gallstone Ileus	731
Limey (Milk of Calcium) Bile	732
Porcelain Gallbladder	733
Acalculous Cholecystitis	733
Emphysematous Cholecystitis	734
Hyperplastic Cholecystoses	734
Adenomyomatosis	734
Cholesterolosis	735
Carcinoma of the Gallbladder	735

Chapter Fifty-Four: Diseases of the Bile Ducts 737

Congenital Anomalies of the Bile Ducts	737
Biliary Atresia	737
Choledochal Cyst	737
Congenital Biliary Ectasia	738
Choledocholithiasis	738
Surgical or Traumatic Biliary Strictures	739

Sclerosing Cholangitis	742
Tumors of the Bile Ducts	743
Malignant Tumors	743
Benign Tumors	745
Carcinoma of the Papilla and Ampulla of Vater	746

Chapter Fifty-Five: Diseases of the Pancreas 747

Radiographic Approach to Diseases of the Pancreas	747
Acute Pancreatitis	748
Complications of Acute Pancreatitis	750
Pancreatic Pseudocysts	750
Pancreatic Abscess	752
Intra-Abdominal Hemorrhage	752
Chronic Pancreatitis	752
Cystic Fibrosis (Mucoviscidosis)	754
Cancer of the Pancreas	755
Annular Pancreas	759
Pancreatic Endocrine Tumors	760

PART NINE: DISORDERS OF THE HEMATOPOIETIC SYSTEM

Chapter Fifty-Six: Red Blood Cell Disorders 763

Iron-Deficiency Anemia	763
Megaloblastic Anemia	763
Hereditary Spherocytosis	764
Sickle Cell Anemia	764
Thalassemia	767
Congenital Aplastic Anemia (Fanconi Anemia)	770
Myelophthistic Anemia	771

Chapter Fifty-Seven: Clotting Disorders 772

Idiopathic Thrombocytopenic Purpura	772
Henoch–Schönlein Syndrome	772

Hereditary Hemorrhagic Telangiectasia (Osler-Rendu-Weber Disease)	772
Hemophilia	774

Chapter Fifty-Eight: Other Hematologic Disorders 777

Polycythemia	777
Primary Polycythemia (Polycythemia Vera)	777
Secondary Polycythemia	778
Agnogenic Myeloid Metaplasia (Myelofibrosis)	778

PART TEN: DISORDERS OF BONE AND BONE MINERALIZATION

Chapter Fifty-Nine: Disorders of Bone Mineralization 781

Disorders of the Parathyroid Glands	781
Hyperparathyroidism	781
Hypoparathyroidism	784
Pseudohypoparathyroidism and Pseudopseudohypoparathyroidism	784
Metabolic Bone Disease	785
Osteoporosis	785
Osteomalacia	787
Rickets	788

Hypophosphatasia	790
Paget's Disease	790
Hyperostosis	793
Osteopetrosis	793
Pyknodysostosis	794
Generalized Cortical Hyperostosis (Van Buchem's Disease)	796
Hereditary Hyperphosphatasia	797
Progressive Diaphyseal Dysplasia (Camurati–Engelmann Disease)	798

- Melorheostosis 798
- Osteopoikilosis 798
- Osteopathia Striata 799
- Hyperostosis Frontalis Interna 799

Chapter Sixty: Neoplasms of Bone 802

- Introduction to Bone Tumors 802
- Benign Bone Tumors 802
 - Osteochondroma (Exostosis) 802
 - Enchondroma (Chondroma) 803
 - Multiple Enchondromatosis (Ollier's Disease) 804
 - Giant Cell Tumor 804
 - Simple (Unicameral) Bone Cyst 807
 - Aneurysmal Bone Cyst 808
 - Bone Island 808
 - Osteoma 809
 - Osteoid Osteoma 809
 - Osteoblastoma 810
 - Fibrous Cortical Defect and Nonossifying Fibroma 811
 - Chondromyxoid Fibroma 811
 - Chondroblastoma 812
 - Hemangioma 813
- Malignant Bone Tumors 813
 - Osteogenic Sarcoma (Osteosarcoma) 813
 - Parosteal Sarcoma 814
 - Chondrosarcoma 814
 - Fibrosarcoma 818
 - Ewing's Sarcoma 818
 - Reticulum Cell Sarcoma 819
 - Metastatic Malignancy to Bone 820

Chapter Sixty-One: Dysplasias and Chondrodystrophies 825

- Fibrous Dysplasia 825
- Epiphyseal Dysplasias 826
 - Spondyloepiphyseal Dysplasia 826
 - Multiple Epiphyseal Dysplasia 827
 - Dysplasia Epiphysealis Hemimelica 828
 - Chondrodystrophia Calcificans Congenita (Stippled Epiphyses) 828
- Physeal (Growth Plate) Dysplasias 830
 - Achondroplasia 830
 - Chondroectodermal Dysplasia (Ellis–Van Creveld Syndrome) 831
- Metaphyseal Dysplasias 832
 - Multiple Exostoses (Diaphyseal Aclasis) 832
 - Cranio-metaphyseal Dysplasia 833
 - Familial Metaphyseal Dysplasia (Pyle's Disease) 834
- Other Dysplasias 834
 - Nail–Patella Syndrome (Fong's Disease) 834
 - Cleidocranial Dysostosis 836
 - Osteogenesis Imperfecta 836

Chapter Sixty-Two: Infectious and Ischemic Disorders of Bone 838

- Osteomyelitis 838
 - Brodie's Abscess 842
 - Garré's Sclerosing Osteomyelitis 842
- Ischemic Necrosis of Bone 842
 - Ischemic Necrosis in the Articular Ends 843
 - Infarction of the Shaft 843
- Osteochondritis Dissecans 845

PART ELEVEN: DISORDERS OF THE JOINTS, CONNECTIVE TISSUES, AND STRIATED MUSCLES

Chapter Sixty-Three: Rheumatoid Arthritis and Its Variants 849

- Rheumatoid Arthritis 849
- Juvenile Rheumatoid Arthritis 853
- Sjögren's Syndrome 854
- Ankylosing Spondylitis (Marie–Strümpell Disease) 855
- Reiter's Syndrome 857
- Psoriatic Arthritis 859
- Arthritis Associated with Inflammatory Bowel Disease 861
- Behçet's Syndrome 861

Chapter Sixty-Four: Other Diseases of Joints and Connective Tissues 863

- Infectious Arthritis 863
 - Acute Bacterial Arthritis 863
 - Tuberculous Arthritis 863

- Degenerative Joint Disease (Osteoarthritis) 865
 - Fingers 865
 - Hip 865
 - Knee 866
 - Spine 866
- Miscellaneous Diseases 868
 - Progressive Systemic Sclerosis (Scleroderma) 868
 - Pseudogout 871
 - Hypertrophic Osteoarthropathy 872
 - Pachydermoperiostosis 873
 - Neuropathic Joint Disease (Charcot Joint) 874
 - Diffuse Idiopathic Skeletal Hyperostosis (Forestier's Disease) 874
 - Multicentric Histiocytosis (Lipoid Dermatoarthritis) 877
 - Pigmented Villonodular Synovitis 877
 - Tietze's Syndrome 878
 - Calcific Tendinitis (Bursitis) 878

- Rotator Cuff Tears 880
- Osteitis Condensans Ilii 880
- Reflex Sympathetic Dystrophy Syndrome 881
- Synovial Chondromatosis 881
- Synovioma (Synovial Sarcoma) 882
- Calcinosis 883

Chapter Sixty-Five: Diseases of Striated Muscles 886

- Dermatomyositis and Polymyositis 886
- Muscular Dystrophy 887

- Myotonic Dystrophy 888
- Myasthenia Gravis 888
- Myositis Ossificans 889
 - Myositis Ossificans Circumscripta 889
 - Myositis Ossificans Associated with Neurologic Disorders 890
 - Generalized (Progressive) Myositis Ossificans 890

PART TWELVE: DISORDERS OF THE NERVOUS SYSTEM

Chapter Sixty-Six: Diagnostic Methods in Neuroradiology 895

- Plain Skull Radiographs 895
- Plain Radiographs of the Spine 895
- Computed Tomography 897
- Angiography 897
- Pneumoencephalography 897
- Myelography 897
- Radionuclide Brain Scan 898
- Ultrasound 898
- Magnetic Resonance Imaging 898
- Positron Emission Tomography 899

Chapter Sixty-Seven: Cerebrovascular Diseases 901

- Stroke Syndrome 901
- Transient Ischemic Attacks 903
- Intraparenchymal Hemorrhage 903
- Subarachnoid Hemorrhage 905

Chapter Sixty-Eight: Traumatic Diseases of the Brain 907

- Epidural Hematoma 907
- Subdural Hematoma 908
- Cerebral Contusion 909
- Intracerebral Hematoma 909
- Carotid Artery Injury 909

Chapter Sixty-Nine: Neoplastic Diseases of the Brain 911

- Metastatic Carcinoma 911
- Gliomas 912
- Radiation Necrosis 914
- Meningioma 914
- Histiocytic Lymphoma (Reticulum Cell Sarcoma) 915

- Hemangioblastoma 916
- Pineal Tumors 916
- Colloid Cyst of the Third Ventricle 916
- Craniopharyngioma 918
- Acoustic Neuroma 918
- Pituitary Adenoma 918
- Chordoma 918

Chapter Seventy: Infections of the Central Nervous System 920

- Pyogenic Infections 920
 - Acute Bacterial Meningitis 920
 - Subdural Empyema 920
 - Extradural Abscesses 921
 - Brain Abscesses 922
- Viral Infections 923
 - Herpes Simplex (Type 1) Encephalitis 923
 - Progressive Multifocal Leukoencephalopathy 923
 - Creutzfeldt–Jakob Disease 924

Chapter Seventy-One: Developmental and Other Congenital Abnormalities of the Nervous System 926

- Malformation of the Cranium 926
 - Basilar Impression 928
 - Arnold–Chiari Malformation 928
- Abnormalities of the Spine 929
- Phakomatoses 930
 - Neurofibromatosis
 - (Von Recklinghausen's Disease) 930
 - Tuberous Sclerosis (Bourneville's Disease) 931
 - Sturge–Weber Disease
 - (Encephalotrigeminal Syndrome) 932
 - Cerebelloretinal Hemangioblastomatosis
 - (Von Hippel–Lindau Syndrome) 933

Chapter Seventy-Two: Miscellaneous Disorders of the Central Nervous System 935

- Epilepsy and Convulsive Disorders 935
- Demyelinating Diseases 935
 - Multiple Sclerosis 935
 - Acute Disseminated Encephalomyelitis 936
- Degenerative Diseases 937
 - Normal Aging 937
 - Alzheimer's Disease 937
 - Pick's Disease 938
 - Huntington's Disease 938
 - Metachromatic Leukodystrophy 938
 - Paralysis Agitans (Parkinson's Disease) 939
 - Cerebellar Atrophy 940

Chapter Seventy-Three: Diseases of the Spine and Spinal Cord 941

- Protrusion of Intervertebral Disk (Herniated Disk) 941
- Spinal Stenosis 943
 - Congenital (Developmental) Spinal Stenosis 943
 - Acquired (Degenerative) Spinal Stenosis 944
- Intraspinal Masses 944
 - Intramedullary Masses 944
 - Extramedullary Intradural Masses 944
 - Extradural Masses 946
- Syringomyelia 946
- Diastematomyelia 948

PART THIRTEEN: MISCELLANEOUS DISORDERS

Chapter Seventy-Four: Granulomatous Diseases of Unknown Etiology 951

- Sarcoidosis 951
- Familial Mediterranean Fever 954
- Wegener's Granulomatosis 954
- Midline Granuloma 955

Chapter Seventy-Five: Diseases of the Spleen and Lymph Nodes 957

- Enlargement of the Spleen 957
- Splenic Rupture 958
- Splenic Infarct 960
- Splenic Artery Aneurysm 960
- Splenic Cyst 960
- Chronic Congestive Splenomegaly (Banti's Syndrome) 962
- Histiocytoses 962

Chapter Seventy-Six: Diseases Due to Environmental Hazards and Chemical and Physical Agents 965

- Heavy Metals 965
 - Lead 965
 - Bismuth and Phosphorus 966
 - Mercury 966
 - Zinc 966
 - Radium 966
- Fluorosis 969
- Intravenous Drug Abuse 969
- Electrical Injuries 970
- Near-Drowning 970
- Frostbite 970
- Radiation Injury 972
- Caisson Disease (Decompression Sickness) 975

Chapter Seventy-Seven: Cutaneous Diseases 977

- Benign Mucous Membrane Pemphigoid 977
- Epidermolysis Bullosa 977
- Mastocytosis 978
- Erythema Nodosum 979
- Ainhum 979

Chapter Seventy-Eight: Miscellaneous Congenital Disorders 981

- Trisomy Syndromes 981
 - Trisomy 13–15 981
 - Trisomy 18 982
 - Trisomy 21 (Down's Syndrome) 982
- Progeria (Hutchinson–Gilford Syndrome) 982
- Holt–Oram Syndrome 983

Appendix: Procedures in Diagnostic Imaging 987

- Arteriography (Angiography) 987
 - Cardiac Catheterization (Angiocardiography) 988
 - Cerebral Angiography 988
 - Coronary Angiography 988
 - Digital Subtraction Angiography 988
 - Pulmonary Arteriography 988
- Arthrography 988
- Barium Enema Examination 988
- Bronchography 989
- Cavography 989
- Cholangiography 989
 - Intravenous Cholangiography 989
 - Percutaneous Transhepatic Cholangiography 990
 - T-Tube Cholangiography 990
- Cholangiopancreatography, Endoscopic Retrograde 991
- Cholecystography, Oral 991

Computed Tomography	992
Cystography	992
Cystourethrography, Voiding	992
Hysterosalpingography	992
Laryngography	993
Lymphography	993
Magnetic Resonance Imaging	993
Myelography	994
Nephrostomy, Percutaneous	994
Nuclear Magnetic Resonance	994
Pneumoencephalography	994
Pyelography, Intravenous	994

Pyelography, Retrograde	994
Radionuclide Examinations	994
Sialography	995
Sinus Tract Injection	995
Splenoportography	995
Tomography (Conventional)	996
Ultrasound	996
Upper Gastrointestinal Series	997
Urography, Excretory	998
Venography, Peripheral	999

INDEX	1001
