

TABLE OF CONTENTS

Physics Teaching for Radiologic Technologists 1
Stewart C. Bushong

Physics Teaching for Diagnostic Radiology Residents..... 33
Edward W. Webster

Physics Teaching for Nuclear Medicine Residents..... 45
David T. Kopp and Paul H. Murphy

Physics Teaching for Radiotherapy Residents 57
James A. Purdy

Degree Programs in Medical Physics 73
Lawrence H. Lanzl

Radiobiology Teaching 93
Colin G. Orton

Nondegree Medical Physics Training and American Board of Radiology
 Certification 111
William R. Hendee

Radioactivity and Production of Medical Isotopes 119
David T. Kopp and Terry L. Boston

Practical Medical Physics Consulting 133
Jack M. Morgan

Radiologic Terminology 139
David P. Colley, Patricia Ruthemeyer, and James. G. Kereiakes

Nuclear Medicine Imaging Techniques 151
Myron L. Lecklitner, Frederick L. Weiland, and Martin L. Nusynowitz

Description of Radiotherapy Procedures 165
Joaquin G. Mira

Medical Applications of Ultrasonography and Thermography 215
Granville C. Coggs and Joan Ezekiel

Glossary of Medical and Anatomical Terms Useful in Medical Physics 241
Ann E. Wright

Equipment List for Medical Physics and Acquisition Priority 247
John H. Bell and Robert G. Waggener

Bibliography of Reference Materials 279
John R. Cameron and Margaret Liss

Index 325
