PART I

OVERVIEW OF INFORMATION SYSTEMS MANAGEMENT 1

chapter one

Scope and role of information management 3

SITUATION 1-1

CHRIS P. SPUD POTATO CHIP COMPANY 4

Do you or do you not need an in-house IS function and manager?

SITUATION 1-2

WALLOP'S BREWING COMPANY 5

*What kind of IS manager do you need, a traditional technologist
or the new-wave manager?*

chapter two

Foundation of information systems
management 9

SITUATION 2-1

BADEN-BADEN WAGEN MACHEN 10

*How do you integrate the IS functions of two companies when
one is in the Data Administration Stage and one is in the
Initiation Stage?*

SITUATION 2-2

DIGGS & HURTZ DENTAL CLINICS 11

*Your company is just beginning to use
computers and the president wants to move
immediately to the Data Administration Stage.*

PART II
INFORMATION SYSTEMS
AS A CORPORATE ENTITY 13

chapter three

The role of information systems
as a corporate entity 15

SITUATION 3-1

PIZZA DELIVERED QUICKLY, INC. 16

*How should computing be introduced
for the first time into a company?*

SITUATION 3-2

FLEET-O-FOOT SHOE COMPANY 17

*What are the issues in deciding whether to be
proactive or reactive in a tense business situation?*

SITUATION 3-3

FERDY LYSER SEED & GRAIN COOPERATIVE 19

*How would a proactive IS manager change
the attitudes of a very passive IS staff?*

SITUATION 3-4

RING & RUN ALARM SYSTEMS 20

*Implementing a new system for two senior managers
who do not get along.*

chapter four

Information technology
as a competitive weapon 23

SITUATION 4-1

BITS-N-BITES COFFEE SHOPS, INC. 24

*How do you redirect the computing activities of an eager
end-user without appearing heavy-handed?*

SITUATION 4-2

CUSTU-MAIL COMPANY (A) 25

*How would you identify areas of
potential competitive advantage?*

SITUATION 4-3

CUSTU-MAIL COMPANY (B) 27

*You were too successful in getting senior managers
involved in systems planning and now have the
problem of keeping them interested.*

chapter five

Strategic information systems planning 29

SITUATION 5-1

L. E. BABA ORIENTAL IMPORTS 30

What are the alternative strategies for getting a disinterested group of senior managers interested in strategic IS planning?

SITUATION 5-2

PONCE DE LEON NURSING HOMES, INC. 31

Do you sacrifice your IS plan to at last win the confidence of senior management?

SITUATION 5-3

CAPITOL CANDY COMPANY 33

How do you decide on the appropriate level of IS planning to implement?

chapter six

The organizational placement of the information systems department 35

SITUATION 6-1

BOILIN OIL, INC. 36

What are the considerations in merging a centralized IS shop with a decentralized one?

SITUATION 6-2

JACK NEIFT TRUCKING COMPANY 37

You are caught in the middle of a workaholic CEO and CFO and have a major truck routing system to develop.

SITUATION 6-3

BORUM-STRATE, INC. 38

Your ex-boss, the vice president, and your current boss, the president, are both computer literate and action-oriented. How do you adjust to this situation?

SITUATION 6-4

SAN ANDREAS LAND DEVELOPMENT COMPANY 39

Your expectations for the new steering committee have not been met. What went wrong, and how do you correct it?

chapter seven

Information systems corporate issues and opportunities 41

SITUATION 7-1

KAMIKAZI AEROSPACE CORPORATION 42

Given a choice between continuing as IS manager or assuming a newly created position of CIO, how do you decide?

SITUATION 7-2

HI-TECH SASH & DOOR COMPANY 44

Your boss, the president, is a computer jock and you are a business-oriented IS manager. What problems might you have?

PART III

INFORMATION SYSTEMS
AS A FUNCTIONAL ENTITY 47

chapter eight

Duties of the information systems department 49

SITUATION 8-1

DAILY BREAD COMPANY 50

Do you support the company projection of the economy if you do not believe in it?

SITUATION 8-2

VIBRAGUM TOOTHBRUSH COMPANY 51

The user does not want to change a general ledger system that you think needs renovation.

SITUATION 8-3

PACK M. N. SARDINE COMPANY 53

What does the new application manager for the Fisher Cut Bait Company acquisition have to do and where should she concentrate?

SITUATION 8-4

DEWEY, CHEATUM, AND HOWE LAW FIRM 55

Where does an office automation maintenance group belong for maximum effectiveness?

SITUATION 8-5

HAIR TODAY SURGICAL REPLACEMENT
CENTERS 57

How involved should the IS manager be in the technical details of a decision?

chapter nine

The elements of information systems
department management 61

SITUATION 9-1

PIGGE BANK COMPANY 62

Who and how to plan a major project.

SITUATION 9-2

OCTOPOD INDUSTRIES 63

Creating a special function for IS planning.

SITUATION 9-3

TRY & BUY DEPARTMENT STORES 64

As IS manager, how do you convey your project expertise to your staff?

SITUATION 9-4

ANTHEMUM & DENDRUM WHOLESALE
FLORAL SUPPLY 65

How do you strengthen communication to outlying regions?

SITUATION 9-5

BORE 66

How do you control and report on a very politically sensitive project?

chapter ten

Functional challenges and the
information systems manager 69

SITUATION 10-1

THE HINDENBERG GAS COMPANY 70

How do you proceed with a system in the face of conflicting goals and expectations?

SITUATION 10-2

COCK AND BULL STEAK HOUSE 71

How do you pick a new computer vendor between two very different vendors?

SITUATION 10-3

EXTENDED CREDIT AUTHORIZATION COMPANY 73

Where are you likely to bolster up technical support?

SITUATION 10-4

O'NEILL & PREIGH CHURCH EQUIPMENT 74

What kind of CIM system do you put in when you and the Manufacturing Vice President disagree?

SITUATION 10-5

B. STOVEBURDEN MOVING & TRANSIT COMPANY 76

Do you move testing to quality assurance or leave it with systems and programming?

chapter eleven

Organizing the information systems department 79

SITUATION 11-1

QUILLEN, INC. 80

Do you specialize or generalize the jobs in technical support?

SITUATION 11-2

UDDERLY DELICIOUS DAIRY COMPANY 81

How do you align your IS support in a reorganized company?

SITUATION 11-3

GEPETTO'S TOY SHOP, INC. 83

*How do you organize the systems and programming
maintenance function to eliminate a problem situation?*

SITUATION 11-4

ST. ELMO'S FIRE ALARMS, INC. 86

How do you, or do you, divvy up technical support?

chapter twelve

Information systems personnel management 89

SITUATION 12-1

HUMBLE SHEPHERD CHURCH HEADQUARTERS 90

*Is a standoffish IS professional really
exhibiting aberrant behavior?*

SITUATION 12-2

REST ASSURED BEDDING COMPANY 91

*Is a disagreement with your technical support manager a
personality clash or just a professional disagreement?*

SITUATION 12-3

WHOLE CLOTH MANUFACTURING COMPANY 93

*You have a conflict with your technical people regarding a trade-
off between timeliness and quality.*

SITUATION 12-4

HAPPY LANDINGS SKYDIVING SCHOOLS 95

*Should all IS staff be managed in the same way or differently
even if it might appear to give preferential treatment to some?*

SITUATION 12-5

ST. METHUSELAH HOSPITAL 97

Which personality should head up some critical projects?

SITUATION 12-6

NEW CLEAR WASTE DISPOSAL COMPANY 99

What are the trade-offs in promoting internally versus outside hiring?

SITUATION 12-7

LOTTA BARX DOG FOOD COMPANY 101

What are the issues in deciding on a suitable reward for a devoted staff member?

SITUATION 12-8

STICK TIGHT FLYPAPER COMPANY 103

What do you do to retain an overachiever technical person who may not be managerial material?

chapter thirteen

Information systems development
methodologies and projects 107

SITUATION 13-1

ESTER'S PERFUME COMPANY 108

What systems development life cycle do you use for purchased software?

SITUATION 13-2

FREE LUNCH PARTY HEADQUARTERS 110

A new system is behind schedule and you have to decide how to satisfy conflicting needs of the major users.

SITUATION 13-3

PEACEFUL PRODUCTS MORTUARY SERVICES 112

Does maintenance get to control new product introductions?

SITUATION 13-4

CLOTHES LINE NEWSPAPER 114

The project staff claim they cannot meet the completion schedule to which you committed.

SITUATION 13-5

KOPH AND KNALES TOBACCO COMPANY 116

Senior management wants a system that you feel is too sophisticated for the company and beyond the ability of your staff to develop.

chapter fourteen

Information systems as a functional entity:
Issues and opportunities 119

SITUATION 14-1

JADED PALATE PAINT COMPANY 120

Do you get new or old computer technology?

SITUATION 14-2

NOTEWORTHY MUSIC COMPANY 121

What is the best mission for the IS department given conflicting thoughts among executives?

SITUATION 14-3

SLIPPERY GRIDDLE BRAND FATS AND OILS 123

Is it appropriate to change a secretary-less environment?

PART IV

INFORMATION SYSTEMS AS A
USER SUPPORT ENTITY 127

chapter fifteen

The role of information systems
as a user support entity 129

SITUATION 15-1

MERLIN PHARMACEUTICS (A) 130

You need a system upgrade and can take the easy way out with a replacement or use this as an opportunity to at last make the difficult transition to end-user computing.

SITUATION 15-2

MERLIN PHARMACEUTICS (B) 131

Your experiment to introduce the user as project manager has met with difficulty, and your senior analyst is complaining.

chapter sixteen

End-user applications development 135

SITUATION 16-1

BORUM-STRATE, INC. (REVISITED) 136

A senior manager has developed a number of applications on a system not compatible with the company's system and wants to install it company-wide.

SITUATION 16-2

BURR & BRITTLE TOOL & DIE COMPANY 137

Your manufacturing systems user group is developing systems with nonsupported hardware and software. How can you control their activity without appearing heavy-handed?

SITUATION 16-3

SHADY ACRES LAND DEVELOPMENT CORP. 138

A very sophisticated system, developed by an ex-employee without your knowledge, needs to be updated.

chapter seventeen

Organizing information systems
to support end-user computing 141

SITUATION 17-1

CUT-N-PASTE WALLPAPER COMPANY 142

The information center policy of not developing systems but rather training users to do it themselves is challenged.

SITUATION 17-2

IVORY TOWER UNIVERSITY 143

What are your alternatives for organizing a microcomputer support function?

SITUATION 17-3

OTTO ENTRUCK PARTS SUPPLY COMPANY 145

Should a needed move to system integration be postponed or undertaken now?

chapter eighteen

Information systems as a user support
entity: issues and opportunities 147

SITUATION 18-1

HIPE, HIPE, AND MOREHIPE AGENCY 148

How do you structure an executive oriented IC program?

SITUATION 18-2

SNACKS FIFTH AVENUE 149

Should desktop publishing be centralized and how should it be controlled?

PART V

THE FUTURE AND INFORMATION
SYSTEMS MANAGEMENT 153

chapter nineteen

Quality of work 155

SITUATION 19-1

SILVER SPOON GOURMET HOME SERVICE 156

Working at home versus working at the office has been proposed but has met with opposition.

SITUATION 19-2

FLY-BY-NIGHT OVERNIGHT DELIVERY SERVICE 158

The Chairman of the Board wants to radically change the role of the IS department to be a business within a business. You have doubts about whether your department can handle the new role.

SITUATION 19-3

COLE CACHE COMPUTER MEMORY, INC. 159

The president is demanding more imaginative ideas than your IS staff can deliver.

chapter twenty

Quality of life 163

SITUATION 20-1

KYZ AND MAYCUP MARRIAGE
COUNSELORS, INC. 164

A possible computer crime has been detected, and you are not sure how to proceed.

SITUATION 20-2

SPORTING CHANCE RACQUET CLUB 166

You question the president's methods of using IS technology.

SITUATION 20-3

TWILIGHT TIME 168

As you reflect back on a long and successful career as an IS manager, what advice would you give to someone who wants to follow in your footsteps.
