UNIVERSIDAD NACIONAL DE ENTRE RIOS
FACULTAD DE INGENIERIA
CENTRO DE MEDIOS
BIBLIOTECA

Nº 1 925

<i>Introduction</i>	1
Section 1. Principles of Digital Logic	
Introduction to Experiments 1-5	11
<i>Experiment 1.</i> DC Properties of Logic Elements	19
<i>Experiment 2.</i> Complex Logic Functions from Simple Gates—Part 1	29
<i>Experiment 3.</i> Complex Logic Functions from Simple Gates—Part 2	41
<i>Experiment 4.</i> Other Useful Solid-State Devices	53
<i>Experiment 5.</i> Properties and Use of Digital-to-Analog (DAC) and Analog-to-Digital (ADC) Converters	59
Section II. Principles of Interfacing	
Introduction to Experiments 6-17	79
<i>Experiment 6.</i> Computer-Controlled Logic Chip Test	97
<i>Experiment 7.</i> Computer-Controlled Analog-to-Digital Conversion	101
<i>Experiment 8.</i> Graphic-Display Experiments Using an X-Y Plotter and/or Storage Oscilloscope	107
<i>Experiment 9.</i> Transient Decay Signal (Capacitor Discharge)	115
<i>Experiment 10.</i> Ensemble Averaging of Repeatable Noisy Signals ..	121
<i>Experiment 11.</i> Multiplexing Using Triggerable Distinct Waveforms	129
<i>Experiment 12.</i> Determination of Data-Acquisition Rate—The Nyquist Frequency	139
<i>Experiment 13.</i> Computer-Aided Demonstration of the Photoelectric Effect	151
<i>Experiment 14.</i> Computer-Assisted Potentiometric Titrations	157
<i>Experiment 15.</i> On-Line Digital Computer Applications in Gas Chromatography	167
<i>Experiment 16.</i> On-Line Digital Computer Applications for Kinetic Analysis	181
<i>Experiment 17.</i> Computer-Controlled Colorimetry	191

Section III. Appendices

<i>Appendix A.</i>	REAL-TIME BASIC (RTB) for Varian 620 Computers (Oregon/Nebraska Version).....	207
<i>Appendix B.</i>	Purdue REAL-TIME BASIC	215
<i>Appendix C.</i>	General-Purpose Interface and Logic Experiment Devices	223
<i>Appendix D.</i>	Equipment and Reagents List	227
<i>Appendix E.</i>	Schematics of Special Devices Used in This Book ...	233
<i>Appendix F.</i>	Detailed Description of Data-Acquisition Interface for Hewlett-Packard 2100-Family Computer Systems	243
<i>Appendix G.</i>	Interpreting Specifications Found on Digital Integrated-Circuit Data Sheets	261
<i>Appendix H.</i>	Operational Amplifiers	267
<i>Appendix I.</i>	Bibliography.....	273
<i>Index</i>		277
