

CONTENTS

The International Standards Organization Technical Committee on Surgical Implants B. BLOCH	1
--	---

FUNDAMENTAL ASPECTS

Carcinogenic Risks of Metal Implants and Prostheses F. W. SUNDERMAN Jr.	11
The Toxicity of Chromium in the Zero and Trivalent Form U. GLASER	21
Measurement of the Uptake of Chromium D. SHAPCOTT	31
Analysis of Cobalt, Chromium and Nickel in Biological Materials State of the Art M. STOEPLER	45
Phenomenology of the Trace Element Burdening of the Human Organism by the In-Body Corrosion of Co-Cr-Ni-Alloys as Revealed by Neutron Activation Analysis R. MICHEL, F. LÖER, M. NOLTE, M. REICH and J. ZILKENS	59
Chairmen Summary : Fundamental Aspects F. W. SUNDERMAN Jr. and M. STOEPLER	77

TISSUE RESPONSE

In vivo Corrosion of a Cobalt-Base Alloy and its Biological Consequences J. BLACK	83
Relation between Metal Corrosion and Electrical Polarization S. SINGH and H. S. RANU	101
In vitro and in vivo Cellular Response to Semi-Precious and Amorphous Alloys P. GUIRALDENQ, H. MAZILLE, J. BRUGIRARD, M. BOUVIER and H. MAGLOIRE	107

Nickel and Chromium in the Human Body A Review and a Research Proposal J.A. HELSEN	119
Orthopaedic Implants and Corrosion Products Ultrastructural and Analytical Studies of 65 Patients H.F. HILDEBRAND, P. OSTAPCZUK, J.F. MERCIER, M. STOEPLER, B. ROUMAZEILLE and J. DECOULX	133
Histochemical, Electron Microscopic and Microanalytic Investigations of Tissue Surrounding Ni-Cr-Allentheses in Maxillo-Facial Surgery E. DIEBERT and E. FISCHER-BRANDIES	155
Measurement of Nickel and Chromium at the Site of Metallic Dental Implants A. GARUET, M. SIMONOFF, B. BERDEU, Y. LLABADOR, F.X. MICHELET and P.F. CAITUCOLI	161
In vitro Evaluation of the Biocompatibility of a Ni-Cr-Alloy (Wiron 88) An Ultrastructural Study P. EXBRAYAT, M.L. COUBLE, D. HARTMANN and H. MAGLOIRE	175
Chairmen Summary : Tissue Response J. BLACK and D.F. WILLIAMS	183

IMMUNOPATHOLOGY

Fundamental Aspects of Contact Sensitivity to Nickel C. BENEZRA and M.F. LEROY	187
Total Hip Arthroplasties and Allergy to Metals F. LEYNADIER and F. LANGLAIS	193
Nickel, Chromium, Cobalt Dental Alloys and Allergic Reactions An Overview H.F. HILDEBRAND, C. VERON and P. MARTIN	201
Allergic Contact Stomatitis from Ni-Alloys A Histological, Immunohistological and Electrochemical Relation L.A.J. van LOON, P.W. van ELSAS, P.P.E. DUYSTERS, J.D. BOS and C.L. DAVIDSON	213
Immunological Aspects of Contact Hypersensitivity to Nickel and Chromium in Dental Alloys K.J.J. VREEBURG, K. de GROOT, C.K.H. v.d. BURG and R.J. SCHEPER	225
Chairmen Summary : Immunopathology C. BENEZRA and K. MERRITT	235

CLINICAL ASPECTS

Analysis of Total Joint Replacements (Hip and Knee) B. BLOCH	241
Aspects of the Failure of the Implanted Systems in Orthopedics and Traumatology Y. ANDRIANE, F. BURNY, J. QUINTIN and M. DONKERWOLCKE	249

Clinical Intolerance to Prosthesis Material Including Metallic Implants M. DONAZZAN, M. CHANAVAZ, L. DURET, C. VERON and J.P. FERNANDEZ	267
Clinical Aspects on the Corrosion of Dental Alloys R. SÖREMARK	275
The Influence of Intraoperative Forming Procedures on Corrosion of Ni-Cr Alloys E. FISCHER-BRANDIES and E. DIELERT	287
Pilot Study of Allergic Effects of Co-Cr-Ni Alloys among Dental Technicians D. CHOUDAT, F. VALLENTIN, P. BROCHARD, T. BERRIAU and J. PROTEAU	293
Chairmen Summary : Clinical Aspects B. BLOCH and R. SÖREMARK	299

QUALITY CONTROL

The Corrosion of Dental Ni-Cr Alloys An in vitro Evaluation J.M. MEYER	305
Austenitic Stainless Steel S350 for Surgical Implants ? C. GABBI, G. MELOTTI, E. VITA FINZI and P. TRANQUILLI LEALI	321
Corrosion and Bioelectrochemistry G. MILAZZO	325
Micro-Analysis of the Composition of Dental Implants before and after Implantation M. SIMONOFF, B. BERDIEU, Y. LLABADOR, A. GARUET, P.F. CAITUCOLI and F.X. MICHELET	331
Surface Treatment of Metallic Biomaterials to Improve Biological and Economical Compatibility D. MUSTER, M. CHAMPY, S. SZMUKLER, C. BALTZINGER and C. BURGGRAF	341
Corrosion and Protection of Surgical and Dental Metallic Implants C. SELLA, J.C. MARTIN, J. LECOEUR, J.P. BELLIER and J.P. DAVIDAS	349
Chairman Summary : Quality Control G. MILAZZO	363

CONCLUSIONS AND RECOMMENDATIONS

Conclusions and Recommendations	369
