

TABLE OF CONTENTS

CHAPTER 1

INTRODUCTION

	Page
INTEL®, THE MICROCOMPUTER COMPANY	1-1
ARCHITECTURES	1-2
PROCESS AND MANUFACTURING TECHNOLOGIES	1-3
DESIGN TECHNOLOGIES	1-4
SERVICE AND SUPPORT	1-4
INTEL MICROCOMPUTING TECHNOLOGIES	1-5

CHAPTER 2

MICROCOMPUTER CHIP SETS

OVERVIEW	2-1
History of Intel386 Architecture	2-2
Microcomputer Chip Sets	2-7
MICROCOMPUTER PROCESSORS	2-8
i486 Microprocessor	2-8
82480 DMA Coprocessor	2-10
386 DX Microprocessor	2-10
386 SX Microprocessor	2-12
387 DX Math Coprocessor	2-12
387 SX Math Coprocessor	2-13
82380 Integrated System Peripheral Component	2-13
82385 Cache Controller	2-13
82385SX Cache Controller	2-14
PERIPHERAL CHIP SETS	2-14
IBM PC AT-Compatible Chip Set	2-14
Extended Industry Standard Architecture (EISA)	2-16
Micro Channel Architecture	2-20
MICROCOMMUNICATIONS	2-23
Integrated Services Digital Network (ISDN)	2-23
Local Area Networking (LAN)	2-27
Modem Products	2-30
ERASABLE PROGRAMMABLE LOGIC DEVICES (EPLDs)	2-31
MICROCOMPUTER CHIP SET DEVELOPMENT TOOLS	2-36
Software Development Tools	2-36
i860 64-BIT MICROPROCESSOR	2-44

CHAPTER 3

EMBEDDED CONTROL SOLUTIONS

OVERVIEW	3-1
Intel's Embedded Control Business	3-3
Architectural Investment in Embedded Control	3-4
80960 Architecture	3-4
Intel 376 Embedded Processor Architecture	3-4
Embedded Controller and Embedded Processor Products	3-5
8-BIT MICROCONTROLLERS	3-6
First Generation 8-Bit Embedded Controllers	3-6
Advanced 8-Bit Embedded Controllers	3-7
ADVANCED 16-BIT MICROCONTROLLERS	3-11
MCS-96 Family	3-11
80C186/80C188 CHMOS High-Integration Embedded Processor	3-12

	Page
ADVANCED 32-BIT EMBEDDED PROCESSORS	3-14
80960 Family	3-15
80960KB/80960KA	3-18
80960MC	3-18
80960CA	3-19
Intel 376 Family	3-22
ASIC CELL LIBRARIES	3-23
Embedded ASIC Products	3-24
NONVOLATILE MEMORY PRODUCTS	3-26
Flash Memory Products	3-26
EPROM Products	3-28
Embedded Microcontroller Peripheral Components	3-31
EMBEDDED CONTROLLER DEVELOPMENT TOOLS	3-32
8-Bit Tools	3-32
16-Bit Tools	3-34
32-Bit Tools	3-37
EMBEDDED CONTROL CUSTOMER TRAINING	3-45
 CHAPTER 4	
MICROCOMPUTER SYSTEMS	
SYSTEMS BUSINESS	4-1
PC PLATFORMS FOR ORIGINAL EQUIPMENT MANUFACTURERS	4-1
Intel386™ Microcomputer Model 303	4-1
Intel386 Microcomputer Model 302	4-3
Intel386 Microcomputer Model 302-20	4-3
Intel386 Microcomputer Model 301Z	4-4
Intel386 Microcomputer Model 300SX	4-5
System 120 – A Low-Cost, Real-Time System	4-5
MULTIBUS I SYSTEMS AND SINGLE-BOARD COMPUTERS	4-6
MULTIBUS I Architecture	4-6
MULTIBUS I System Products	4-7
MULTIBUS I Single-Board Computers	4-7
MULTIBUS II SYSTEMS AND SINGLE BOARD COMPUTERS	4-13
MULTIBUS II Architecture	4-13
MULTIBUS II Systems – System 520	4-15
MULTIBUS II CPU Boards	4-15
MULTIBUS II PC Subsystem Products	4-18
MULTIBUS II I/O Products	4-18
MULTIBUS II Terminal Controllers	4-18
MULTIBUS II Wide Area Network (WAN) Controllers	4-20
MULTIBUS II Peripheral Controllers	4-20
MULTIBUS II Parallel I/O	4-21
MULTIBUS II Support Products	4-23
MULTIBUS II Packaging	4-24
iSBX ADD-ON MODULES FOR SINGLE BOARD COMPUTERS	4-24
BITBUS DISTRIBUTED CONTROL	4-25
BITBUS Interconnect	4-25
SYSTEM SOFTWARE	4-26
iRMX and iRMK Real-Time Software	4-26
MS-DOS Operating System	4-34
Windows Systems Software	4-34
OS/2 Operating System	4-34
UNIX System Software	4-35

	Page
QAPLUS Diagnostic Software	4-35
NETWORKING AND MAINFRAME CONNECTIONS	4-35
OpenNET Local Area Networking	4-35
IRMX-NET NETWORKING SOFTWARE	4-36
Intel's FASTPATH 9770 Network Interface Computers	4-39
Jupiter Data Communications Computers	4-40
iPSC®/2 CONCURRENT SUPERCOMPUTERS	4-42
iPSC/2-VX Vector Extension	4-42
PERSONAL COMPUTER ENHANCEMENT PRODUCTS	4-43
Math Coprocessors	4-43
Above™ Board Memory Expansion	4-43
PC Communications	4-43
Visual-Edge Graphics	4-43
In-Board 386 Upgrade	4-43
SERVICE AND SUPPORT FOR MICROCOMPUTER SYSTEMS	4-43
 CHAPTER 5	
AUTOMOTIVE, DVI™, AND MILITARY PRODUCTS	
OVERVIEW	5-1
AUTOMOTIVE PRODUCTS	5-1
Automotive Microcontrollers and Communications Peripherals	5-2
DIGITAL VIDEO AND AUDIO FOR THE PERSONAL COMPUTER	5-4
Pro750™ Application Development Platform (ADP)	5-4
i750 Video Display Processor	5-4
DVI Authoring Tools	5-5
MILITARY PRODUCTS	5-5
