

Imprint.....	2
1.0 Introduction.....	3–7
2.0. Pathophysiological Basics – Endoscopic Diagnosis.....	8–11
Technique of Diagnostic Nasal Endoscopy.....	12
Systematic Endoscopic Examination of the Nose – Three Steps.....	13
Tips and Tricks.....	14
Instruments for Endoscopic Diagnosis.....	15
Examination of the Lateral Nasal Wall – Anatomical Variations.....	16–18
3.0. Maxillary Sinus Endoscopy – Technique of Maxillary Sinus Endoscopy.....	19–20
3.1. Blue Light Endoscopy.....	21
4.0. Surgical Techniques.....	22–23
4.1. Preparation for Surgery.....	24
4.2. Surgical Techniques – Practice.....	25
4.3. OR Positioning.....	25–26
4.4. Individual Surgical Steps.....	27–34
Frontal Sinus Drains.....	35
4.5. FESS and Septum Deviations.....	36
4.6. Conclusion of Surgical Procedure.....	36
4.7. Selecting Telescopes and Instruments.....	37
4.8. Bleeding during Surgery.....	38
4.9. Extended Applications.....	39
5.0. Diffuse Eosinophil-dominated Polyposis.....	40–41
5.1. KARL STORZ Paranasal Sinus Shaver System.....	42–43
5.2. Mucoceles.....	43
5.3. Mycoses of the Paranasal Sinuses.....	44–45
5.3.1. Foreign Bodies.....	46
5.4. Decompression of the Orbit and of the Optic Nerve.....	47–48
5.5. CSF Fistulae/Meningoencephaloceles.....	49
5.6. Choanal Atresia.....	50
5.7. Dacryocystorhinostomies.....	50
5.7.1. Complications of Acute Sinusitis.....	51
5.8. Tumors.....	52–53
6.0. Postoperative Endoscopic Treatment.....	54–55
7.0. Limitations of Endoscopic Techniques.....	56
8.0. Complications.....	57
Summary.....	58–59
Recommended Telescopes, Instruments and Units for Endoscopic Diagnosis and Surgery of the Paranasal Sinuses and Anterior Skull Base.....	60–79
Diagnosis – Nasal Endoscopy.....	60–61
Diagnosis – Maxillary Sinus Endoscopy.....	62–63
Operating Techniques – HOPKINS Telescopes and Accessories.....	64–65
Operating Techniques – Standard Instrument Set.....	66–69
Operating Techniques – Extended Instrument Set.....	70–73
Operating Techniques – Pediatric Instrument Set.....	74–75
Postoperative Endoscopic Treatment.....	76–77
Light Sources and Imaging Systems for Photo-Video-Documentation.....	78–79
