Preface to Thirteenth Edition .....	iii	Contamination by Organochlorine Pesticides ..	77
Preface to First Edition .....	iv	Volatility of Ester Forms of Hormone-Type	
List of Illustrations .....	ix	Herbicides .....	77
Collaborative Study Procedures of the Association of		Inorganic and Organometallic Pesticides and	
Official Analytical Chemists .....	xii	Adjuvants .....	78
Definitions of Terms and Explanatory Notes .....	xv	Paris Green .....	78
CHAPTER		Lead Arsenate .....	78
<b>1. Agricultural Liming Materials</b> .....	<b>1</b>	Calcium Arsenate .....	79
Calcium Silicate Slags .....	2	Zinc Arsenite .....	79
Elemental Analysis .....	3	Copper Carbonate .....	79
<b>2. Fertilizers</b> .....	<b>7</b>	Copper Naphthenate .....	79
Free Water .....	9	Bordeaux Mixtures .....	80
Phosphorus .....	9	Potassium Cyanate .....	81
Nitrogen .....	14	Cyanides .....	81
Potassium .....	18	Lime Sulfur Preparations .....	81
Other Elements .....	20	Hypochlorites .....	82
Peat .....	27	Chloramine T .....	83
<b>3. Plants</b> .....	<b>31</b>	Mineral Oils .....	83
Metals .....	31	Soap .....	83
Nonmetals .....	38	Mineral Oil-Soap Emulsions .....	83
Other Constituents .....	46	Mercurial Seed Disinfectants .....	84
Pigments .....	49	Ant Poisons and Rodenticides .....	85
Tobacco .....	51	Fumigants .....	85
<b>4. Disinfectants</b> .....	<b>56</b>	Pesticides Related to Natural Products and Their	
Phenol Coefficient .....	56	Synergists .....	86
Use-Dilution Method .....	58	Allethrin .....	86
Available Chlorine Germicidal Equivalent		Derris and Cubé Powder .....	87
Concentration .....	59	Pyrethrins .....	89
Sporicidal Test .....	60	Tobacco and Tobacco Products .....	90
Fungicidal Test .....	61	Halogenated Pesticides .....	91
Germicidal and Detergent Sanitizers .....	61	Aldrin, Dieldrin, and Endrin .....	91
Germicidal Spray Products .....	63	Amiben .....	93
Water Disinfectants for Swimming Pools .....	64	BHC .....	93
Tuberculocidal Activity .....	65	Balan or Trifluralin .....	95
Bacteriostatic Activity of Laundry Additives .....	67	Captan .....	96
<b>5. Hazardous Substances</b> .....	<b>69</b>	Chlordane .....	97
Paint .....	69	Chlorotoluron, Chloroxuron, or Metoxuron .....	99
Preparations Containing Fluorides .....	69	Dichlobenil .....	100
Preparations Containing Methanol .....	70	DDT .....	100
Preparations Containing Phenol .....	71	Dacthal .....	102
Soda Lye .....	71	Dicamba .....	102
Earthenware .....	71	2,4-D .....	103
<b>6. Pesticide Formulations</b> .....	<b>72</b>	Dalapon .....	104
General Methods .....	72	Dicofol .....	104
Arsenic .....	72	Fluometuron .....	105
Lead .....	74	Folpet .....	105
Copper .....	74	Heptachlor .....	105
Zinc .....	75	Picloram-2,4-D .....	106
Fluorine .....	75	Sodium Trichloroacetate .....	107
		Nonhalogenated Pesticides .....	107
		Aldicarb .....	107
		Amitrole .....	107
		Carbaryl .....	108
		DDVP .....	108
		Diquat and Paraquat .....	109

	PAGE		PAGE
Dithiocarbamates .....	110	Baked Products Other Than Bread (Not Containing Fruit) .....	227
Thiram .....	111	Fig Bars and Raisin-Filled Crackers .....	227
Dodine .....	111	Macaroni, Egg Noodles, and Similar Products ...	228
Formaldehyde .....	111		
Ethion .....	112	<b>15. Coffee and Tea</b> .....	233
Formothion .....	113	Green Coffee .....	233
Malathion .....	113	Roasted Coffee .....	233
Parathion .....	116	Tea .....	235
Phorate .....	119		
Sulfoxide .....	120	<b>16. Dairy Products</b> .....	238
Tetraethylpyrophosphate .....	120	Sampling .....	238
Organic Thiocyanates .....	120	Milk .....	240
Thiocarbamates .....	121	Automated Methods .....	246
Triazines, Diazinon, and Dichlorobenzilates ....	121	Cryoscopic Methods .....	249
Triphenyltin Compounds .....	122	Penicillins in Milk .....	255
Quaternary Ammonium Compounds .....	123	Cream .....	256
		Evaporated Milk .....	258
<b>7. Animal Feed</b> .....	125	Sweetened Condensed Milk .....	259
Nitrogen .....	125	Dried Milk, Nonfat Dry Milk, and Malted Milk ...	259
Other Constituents .....	132	Butter .....	260
Preservatives .....	141	Cheese .....	264
		Ice Cream and Frozen Desserts .....	272
<b>8. Baking Powders and Baking Chemicals</b> .....	143		
		<b>17. Eggs and Egg Products</b> .....	275
<b>9. Beverages: Distilled Liquors</b> .....	147		
Spirits .....	147	<b>18. Fish and Other Marine Products</b> .....	285
Cordials and Liqueurs .....	159		
		<b>19. Flavors</b> .....	306
<b>10. Beverages: Malt Beverages and Brewing Materials</b> 162		Alcohol .....	306
Beer .....	162	Vanilla Extract and Its Substitutes .....	306
Malt .....	171	Lemon, Orange, and Lime Extracts and Flavors .	313
Cereal Adjuncts .....	177	Lemon and Orange Oils .....	316
Hops .....	178	Almond Extract .....	318
Brewing Sugars and Sirups .....	180	Cassia, Cinnamon, and Clove Extracts .....	319
Wort .....	181	Ginger Extract .....	319
Yeast .....	182	Peppermint, Spearmint, and Wintergreen Extracts .....	319
Brewers' Grains .....	183	Anise and Nutmeg Extracts .....	319
		Other Extracts and Toilet Preparations .....	319
<b>11. Beverages: Wines</b> .....	185		
Preservatives .....	192	<b>20. Food Additives: Direct</b> .....	323
Flavors .....	193	Acidulants .....	323
		Antioxidants .....	323
<b>12. Beverages: Nonalcoholic and Concentrates</b> .....	194	Chemical Preservatives .....	325
		Emulsifying Agents .....	343
<b>13. Cacao Bean and Its Products</b> .....	199	Enzymes .....	344
Shell .....	200	Miscellaneous .....	345
Cacao Products Processed with Alkalies .....	205	Nonnutritive Sweeteners .....	347
Chocolate Liquor .....	205	Nutrients .....	352
Fat .....	205	Solvents .....	352
Dairy Ingredient Constituents .....	206		
Saccharine Ingredients Other Than Lactose .....	207	<b>21. Food Additives: Indirect</b> .....	354
Starch .....	208		
Chocolate Products .....	209	<b>22. Fruits and Fruit Products</b> .....	359
Theobromine .....	209	Moisture .....	361
		Solids .....	362
<b>14. Cereal Foods</b> .....	211	Potassium .....	363
Wheat Flour .....	211	Sodium .....	364
Wheat, Rye, Oats, Corn, Buckwheat, Rice, and Barley and Their Products Except Cereal Adjuncts .....	220	Phosphorus .....	364
Soybean Flour .....	223	Betaine .....	365
Bread .....	223	Fruit Acids .....	366
Baked Products .....	226	Sugars .....	369
		Anthocyanins .....	370

	PAGE		PAGE
Lemon Juice .....	372	Carbaryl .....	483
<b>23. Gelatin, Dessert Preparations, and Mixes .....</b>	<b>374</b>	Sulphenone .....	485
<b>24. Meat and Meat Products .....</b>	<b>376</b>	Perthane .....	485
Meat .....	376	DDT .....	485
Meat Extracts and Similar Products .....	383	Dichlone .....	487
<b>25. Metals and Other Elements as Residues in Foods ..</b>	<b>385</b>	Guthion .....	488
Antimony .....	385	Dodine .....	488
Arsenic .....	385	Ethylenethiourea .....	488
Cadmium .....	388	Glyodin .....	489
Copper .....	391	Hexachlorobenzene and Mirex .....	490
Fluorine .....	392	Malathion .....	490
Lead .....	397	Maleic Hydrazide .....	490
Manganese .....	405	Methoxychlor .....	491
Mercury .....	405	Mirex .....	492
Nickel .....	409	Monofluoroacetic Acid .....	492
Selenium .....	409	Naphthaleneacetic Acid .....	493
Tin .....	410	Nicotine .....	494
Titanium .....	411	Parathion .....	495
Zinc .....	411	Piperonyl Butoxide .....	495
<b>26. Natural Poisons .....</b>	<b>414</b>	Thiram .....	495
Mycotoxins .....	414	<b>30. Spices and Other Condiments .....</b>	<b>497</b>
Aflatoxins .....	415	Spices .....	497
Minicolumn Detection Methods .....	417	Prepared Mustard .....	500
Quantitative Methods .....	418	Dressings for Foods .....	501
Aflatoxin M <sub>1</sub> .....	427	Vinegars .....	503
Ochratoxins .....	428	<b>31. Sugars and Sugar Products .....</b>	<b>506</b>
Patulin .....	430	Sugars and Sirups .....	506
Sterigmatocystin .....	431	Molasses and Molasses Products .....	516
Zearalenone .....	432	Confectionery .....	519
Marine Toxins .....	433	Honey .....	520
Phytotoxins .....	433	Maple Products .....	528
<b>27. Nuts and Nut Products .....</b>	<b>435</b>	Sugar Beets .....	532
Peanut Butter .....	435	Starch Conversion Products .....	532
Shredded Coconut .....	436	<b>32. Vegetable Products, Processed .....</b>	<b>537</b>
<b>28. Oils and Fats .....</b>	<b>437</b>	Canned Products .....	537
Physical Constants .....	437	Dried Vegetables .....	542
Chemical Constants .....	438	Frozen Vegetables .....	543
Acid Constituents .....	441	<b>33. Waters; and Salt .....</b>	<b>547</b>
Sterols .....	452	Water .....	547
Tests for Specific Oils .....	456	Salt .....	565
Chick Edema Factor .....	459	<b>34. Color Additives .....</b>	<b>568</b>
Mono- and Diglycerides .....	461	Separation and Identification of Color Additives in Foods, Drugs, and Cosmetics .....	568
Flaxseed .....	464	Analysis of Commercial Synthetic Organic Color Additives .....	570
<b>29. Pesticide Residues .....</b>	<b>466</b>	<b>35. Cosmetics .....</b>	<b>582</b>
Multiresidue Methods .....	466	General Methods .....	582
General Method for Organochlorine and Organophosphorus Pesticides .....	466	Deodorants and Anti-Perspirants .....	583
Multiple Residue Methods for Organophosphorus Pesticides .....	476	Dipilatories .....	587
Multiple Residue Methods for Fumigants .....	480	Face Powders .....	587
Multiple Residue Method for Aryl N- Methylcarbamate Insecticides .....	480	Hair Preparations .....	587
Methods for Individual Residues .....	481	Suntan Preparations .....	589
Benzene Hexachloride .....	481	Vanishing Cream .....	589
Biphenyl .....	481	Bioassay .....	590
Aramite .....	483	<b>36. Drugs: General .....</b>	<b>591</b>
Captan .....	483	General Directions .....	591
		Solvents .....	591
		Halogenated Compounds .....	592

	PAGE		PAGE
Inorganic Drugs .....	594	Nitrophenide .....	709
Mydriatics and Myotics .....	604	Nitarsons .....	709
Microscopic Tests .....	604	Phenothiazine .....	710
<b>37. Drugs: Acidic .....</b>	<b>614</b>	Piperazine .....	710
Acids .....	614	Pyrantel Tartrate .....	710
Antipyretic Drugs .....	615	Racephenicol .....	711
Hypnotic Drugs .....	619	Reserpine .....	711
Phenolic Drugs .....	625	Ronnel .....	712
Sulfonamide Drugs .....	629	Roxarsone .....	713
Other Imide Drugs .....	631	Sulfonamide Drugs .....	714
<b>38. Drugs: Alkaloid and Related Bases .....</b>	<b>636</b>	Thiabendazole .....	717
Alkaloids, Opium .....	636	Zoalene .....	718
Alkaloids Other Than Opium .....	639	Antibiotics .....	719
Other Bases .....	649	<b>43. Vitamins and Other Nutrients .....</b>	<b>734</b>
<b>39. Drugs: Neutral .....</b>	<b>667</b>	Chemical Methods .....	734
Steroids and Related Hormones .....	667	Microbiological Methods .....	759
Nonalkaloidal Vegetable Drugs and Their Derivatives .....	674	Bioassay Methods .....	769
Miscellaneous .....	678	Nutritionally Related Components .....	776
<b>40. Drugs: Illicit .....</b>	<b>685</b>	<b>44. Extraneous Materials: Isolation .....</b>	<b>780</b>
<b>41. Drugs and Feed Additives in Animal Tissues .....</b>	<b>688</b>	General .....	780
ANOT .....	688	Beverages and Beverage Materials .....	784
Arsenic .....	688	Dairy Products .....	785
Clopidol .....	689	Nuts and Nut Products .....	789
Decoquinat .....	690	Grains and Their Products .....	790
Ethoxyquin .....	691	Baked Goods .....	792
Melengestrol Acetate .....	691	Breakfast Cereals .....	794
Nalidixic Acid .....	693	Eggs and Egg Products .....	794
Zoalene .....	694	Poultry, Meat, and Fish and Other Marine Products .....	795
<b>42. Drugs in Feeds .....</b>	<b>695</b>	Fruits and Fruit Products .....	797
Qualitative Tests .....	695	Sugars and Sugar Products .....	799
Arsenic .....	695	Vegetables and Vegetable Products .....	799
Cyzine .....	696	Spices and Other Condiments .....	806
Aklomide .....	697	Animal Excretions .....	812
<i>p</i> -Aminobenzoic Acid .....	697	Miscellaneous .....	816
Enheptin .....	698	<b>45. Forensic Sciences .....</b>	<b>819</b>
Amprolium .....	698	Latent Fingerprints .....	819
Arsanilic Acid .....	699	Glass Fragments .....	819
Bithionol .....	699	Mineral Wool Insulation .....	820
Buquinolate .....	699	Voice Print Identification .....	821
Cadmium Anthranilate .....	700	<b>46. Microbiological Methods .....</b>	<b>822</b>
Carbadox .....	700	Eggs and Egg Products .....	823
Decoquinat .....	700	Frozen, Chilled, Precooked, or Prepared Foods ..	824
Dibutyltin Dilaurate .....	701	Commercial Sterility of Low-Acid Canned Foods ..	827
Diethylstilbestrol .....	702	Thermophilic Bacterial Spores in Sugars .....	828
Dimetridazole .....	702	<i>Clostridium perfringens</i> .....	829
Ethopabate .....	703	<i>Salmonella</i> .....	833
Furazolidone or Nitrofurazone .....	704	Optical Somatic Cell Counting .....	846
Glycarbylamide .....	704	<b>47. Microchemical Methods .....</b>	<b>853</b>
Ipronidazole .....	704	<b>48. Radioactivity .....</b>	<b>864</b>
Nequinat .....	705	<b>49. Spectroscopic Methods .....</b>	<b>871</b>
Nicarbazin .....	705	<b>50. Standard Solutions and Materials .....</b>	<b>873</b>
Nicotine .....	706	<b>51. Laboratory Safety .....</b>	<b>879</b>
Nifursol .....	706	<b>52. Reference Tables .....</b>	<b>885</b>
Nihydrazone .....	707	<b>Index .....</b>	<b>971</b>
Nithiazide .....	707		
Nitrodan .....	708		
Nitromide .....	708
