## Authors

VII

## **An honorable death?**

*Ricardo H. Pichel & Max E. Valentinuzzi*

IX

## **Forewords**

*Edmundo I.C. Fischer*

XI

## **Preface**

*René G. Favaloro*

13

## **Introduction: Timing and Choices for Surgical intervention in Advanced Heart Failure**

*Jack Copeland*

15

### **1. Left Ventricular Function**

*Max. E. Valentinuzzi*

21

### **2. Right Ventricular Function**

*Fernando Ginés & Juan C. Grignola*

47

### **3. Systemic Circulation: Arterial Function**

*Ricardo L. Armentano & Edmundo I.C. Fischer*

73

### **4. Genetics & Heart Failure**

*Ronald J. Trent*

111

### **5. Diagnosis, Evaluation and Prognosis of Heart Failure**

*Christine E. Lawless*

123

### **6. Echocardiography for the assessment of Left Ventricular Function**

*Helen Rimington & John Chambers*

151

### **7. Cardiac Variability and Heart Failure**

*M. Faisal Kahn & Marcelo R. Risk*

167

### **8. Endothelial Dysfunction in Heart Failure**

*Sergio Dalla Volta*

187
