

Differential equations and linear algebra / Gilbert Strang

ISBN 9780980232790

Chapter 1: First Order Equations

Chapter 2: Second Order Equations

Chapter 3: Graphical and Numerical Methods

Chapter 4: Linear Equations and Inverse Matrices

Chapter 5: Vector Spaces and Subspaces

Chapter 6: Eigenvalues and Eigenvectors

Chapter 7: Applied Mathematics and AT A

Chapter 8: Fourier and Laplace Transforms

Corrected Index
